As a Nevada resident, paying out-of-state tuition for college was impossible for me. But the Promise program at LTCC makes it possible for any new college student in the Tahoe Basin to get a free education. Not only did I not have to pay for classes, but Promise helped me with free textbooks and school supplies as well. I'm getting my associate degree at no cost, and that motivates me to do the best I can academically.

NEW CLASS FORMATS

Enhanced Virtual Education (EVE)

LTCC offers traditional distant education (DE) courses that provide independent learning and flexibility. For students who wish to have a face-to-face educational experience but in the safest way possible during COVID-19, LTCC introduces Enhanced Virtual Education, or EVE.

Like traditional DE, EVE classes are also offered online and use the Canvas system for base information and resources, but they also use Zoom as well as other technologies to provide more “real time” contact. EVE classes are different than DE – they are intentionally designed for students who prefer a face-to-face, classroom feel. In EVE classes, you’ll experience:

- A high-touch environment with extra support
- Labs offered in a virtual environment
- Lots of discussion and interaction with your teacher and fellow students
- Use of video for visual learning
- One-on-one support from faculty, including virtual office hours
- Discussions, interactions, projects with faculty and other students offered in “real-time”
- Some synchronous elements/course content offered during the scheduled course days and times
- Other asynchronous elements/course content moved to a virtual environment

Hybrid

There are some LTCC courses that cannot be entirely duplicated in an online virtual format. These typically involve courses where receiving and demonstrating hands-on knowledge and training are required. These courses usually involve public safety work and are often found in the Allied Health, Fire and EMT, and Wilderness Education and Outdoor Leadership departments. Other courses in Culinary Arts, 3D Arts, and the various sciences also have offerings in a hybrid format in order for students to practice key hands-on skills.

The face-to-face components of these hybrid courses will only be provided if they meet current state and federal guidelines regarding COVID-19. Hybrid classes will have limited student participation in a face-to-face format at a single point in time to increase safety. Campus labs will be thoroughly cleaned and sanitized regularly. Many labs will also take place outdoors.

INTERNSHIP

Internships are student-earned work site placement for on-the-job experience in positions directly related to their academic and career goals. An internship may be exploratory. Internship students must complete an application and be interviewed/selected by the instructor prior to the orientation. Student interns must have a good academic record and should have completed some of the courses required in their major. Here are the steps to get started: First, complete an application available online at ltcc.edu or at the Work Experience / Internship Office. Next, make an appointment to interview with instructor by calling ext. 294 or emailing workexp@ltcc.edu. Attend mandatory online orientation meeting (only after interviews and a confirmed internship). Each 50 hours of paid work equals one quarter unit. Each 40 hours of non-paid work equals one quarter unit.

COREQUISITES: Students must be available to volunteer 4 to 24 hours per week (if paid, hours per week increase as outlined in the work experience program) for an approved business and must have an application on file each quarter enrolled.

Applications are available online at www.ltcc.edu under academics. Internships can be on a paid or volunteer basis and students are encouraged to apply at least a month before the quarter begins.

INTERNSHIP STUDENTS MUST BE INTERVIEWED AND SELECTED PRIOR TO ATTENDING THE MANDATORY ORIENTATION.
REG: Walk-in registration only.

### WORK EXPERIENCE

**GENERAL WORK EXPERIENCE**

General Work Experience is for students who are already employed in jobs not necessarily related to their educational goals. The program encourages participants to identify new and challenging objectives on the job and can result in improved relationships at work, increased visibility, and better work habits. Up to 5 work experience units may be earned per quarter. Each 50 hours of paid work equals one quarter unit. Each 40 hours of non-paid work equals one quarter unit. For more information and to enroll, students must attend the mandatory online orientation (check the online schedule for dates/times). It is NOT necessary to meet with the instructor or RSVP prior to orientation.

**COREQUISITES:** Students must be available to work 4 to 40 hours per week for an approved business and must have an application file each quarter enrolled.

**All orientations have been moved online.**

Group orientations are available and RSVP’s are required. Students can schedule orientations at https://calendly.com/ltccworkbasedlearning/wbl-orientation or by emailing goligoski@ltcc.edu.

INTERNSHIP

Internships are a student-earned worksite placement for on-the-job experience in positions directly related to their academic and career goals. An internship may be exploratory. Internship students must complete an application and be interviewed/selected by the instructor prior to the orientation. Student interns must have a good academic record and should have completed some of the courses required in their major. Here are the steps to get started: First, complete an application available online at ltcc.edu. Next, make an appointment to interview with instructor by calling ext. 294 or emailing workexp@ltcc.edu. Attend mandatory online orientation meeting (only after interviews and a confirmed internship). Each 50 hours of paid work equals one quarter unit. Each 40 hours of non-paid work equals one quarter unit.
COREQUISITES: Students must be available to volunteer 4 to 24 hours per week (if paid, hours per week increase as outlined in the work experience program) for an approved business and must have an application on file each quarter enrolled.
Applications are available online at www.ltcc.edu under academics. Internships can be on a paid or volunteer basis and students are encouraged to apply at least a month before the quarter begins.
INTERNSHIP STUDENTS MUST BE INTERVIEWED AND SELECTED PRIOR TO ATTENDING THE MANDATORY ORIENTATION.
REG: Walk-in registration only.

## WORK EXPERIENCE

### GENERAL WORK EXPERIENCE

General Work Experience is for students who are already employed in jobs not necessarily related to their educational goals. The program encourages participants to identify new and challenging objectives on the job and can result in improved relationships at work, increased visibility, and better work habits. Up to 5 work experience units may be earned per quarter. Each 50 hours of paid work equals one quarter unit. Each 40 hours of non-paid work equals one quarter unit. For more information and to enroll, students must attend the mandatory online orientation (check the online schedule for dates/times). It is NOT necessary to meet with the instructor or RSVP prior to orientation.

### OCCUPATIONAL WORK EXPERIENCE

If you are already in a job, please attend the mandatory orientation at the beginning of each quarter.
