- Free food & Refreshments
- Car giveaway to an LTCC Veteran
- Celebrate Veterans Day

## LTCC Student Spotlight

### LAKIN SMITH

Hello, my name is Lakin Smith. I was born and raised here in Lake Tahoe. I plan to major in Computer Science and Engineering, however, I may delve into Artificial Intelligence. Where will I be getting such degrees? I can't say, not yet anyway. I'll be transferring at the end of next year and I am so excited, sometimes I can hardly contain my excitement to see

what my future holds! But as for the now, here at LTCC I've met many great people, not just students, but professors and staff as well. I've found my own little tight knit group of friends whom I adore, the most friendly staff members who help my clueless self, and professors who also help me with my lack to so easily absorb certain knowledge. I'm making very good memories to look back and smile upon in whatever future I may have. And what future do I hope to have other than my desired major/majors? Well, I've never really had a set goal, such as a doctor or anything of the sorts, but I suppose I do have some. I want to live in South Korea leading a good Christian life and loving Jesus; I want to learn Chinese, Korean, and finish Japanese. As for education after my majors have been attained, I want to be a life-long learner, why learn one thing? There's so much knowledge, I feel like I must become a Jack all of Trades, although I'll be a master of none, but who says I can't be close to being a master of all?

## Campus Calendar: 10/31 to 11/11
