11:45am-12:45pm

Mr. Jeff DeFranco
2:30pm-3:30pm

LTCC Student Spotlight

SAMUKELE PHIRI

Hi! My name is Samukele Phiri, (the 'h' is silent) though I usually go by Sami. I'm from Zambia a small country in Southern Africa where the lions roar, the elephants trumpet, and the mosquitos whine. I'm an international freshman here at LTCC. I'm hoping to major in computer science and engineering and that means a lot of math classes. But that's okay because my experience with all my professors has been amazing. They are always willing to help and answer any questions I have. Taking smaller classes is awesome, as this has helped me integrate into the college really well. Coming to LTCC and Tahoe is the farthest I've ever travelled from home but I must say the 30 hour flight was worth it, because Tahoe is a beautiful place and I'm really enjoying it here. I've found the community to be very welcoming and the people are friendly. Though I've only been here just under two months I've met some great people who have made settling down smooth and easy. I signed up for the International Club and I was voted to be the secretary. Being a part of this culturally diversified group allowed me to become friends with people from all over the world in a very short time. With the club, I participated in two awesome college events: Club Day and Treat Street. I had lots of fun and can't wait for more. I'm also very excited to see snow for the very first time in my life.

Let it snow Tahoe!
