LTCC Student Spotlight

Ayupp! My names Tanatsa, most people know me as 'T'. I was born in Bulawayo, Zimbabwe and raised in England. Transitioning from the big city of London to the little city of Tahoe was crazy! I've seen bears casually walk past me in the streets as if we were neighbors. Soooooo much snow, surely will stop me from ever complaining about England being cold. Only in Tahoe can you experience every season of weather in one day, ha! Just being at LTCC for a year and a half I have met a vast amount of cool people from all sides of California and from across the globe like me! I plan to transfer and major in Economics at a four year University after LTCC. You can catch me all around the college and working as a student ambassador if you ever need help, or just want to say hello.

STUDENT SUCCESS NOTES...
