

SOCIOLOGY

Transfer Degree

This program offers a comprehensive approach to studying the social aspects of the human world, including attention to the small-scale (micro) and global (macro) perspectives of understanding humanity. With applications to contemporary society, including business, criminal justice, healthcare, international relations and politics, a student majoring in Sociology will be prepared for further work and study in the contemporary and changing world. The Sociology (AA-T) degree is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus, but not to a particular campus or major. Students completing the AA-T degree in Sociology will be able to transfer to the California State University system. More information can be found on page 49. Students are strongly encouraged to see a counselor if considering this transfer option.

Student Learning Outcomes for this major are:

- Apply scientific methods of sociological research and analysis.
- Comprehend the major theoretical approaches of sociology, including conflict, functionalist, symbolic interactionist, and feminist versions.
- Develop knowledge of the interrelationships of individuals, social groups, institutions, and society.
- Consider and apply methods of sociological critical thinking, including principles of the sociological imagination.
- Appreciate the value of social diversity.

To obtain the Associates in Arts for Transfer degree in Sociology, students must complete the following requirements with a minimum cumulative grade point average (GPA) of 2.0.

- The Sociology AA-T major requirements below, completed with a grade of "C" or better.
- The California State University General Education – Breadth (CSU-GE) or the Intersegmental General Education Transfer Curriculum (IGETC) requirements.
- Any needed transferable electives to reach a total of 90 CSU transferable quarter units.
