COMMUNITY

The College is located in South Lake Tahoe, California, a small resort community in the beautiful Sierra Nevada Mountains at 6,200 feet above sea level. The town's main industries are casinos, tourism and skiing. The permanent population is about 30,000. Outdoor recreation is year-round at Lake Tahoe. Students are within minutes of three ski resorts, with twelve others to choose from around the lake. Summer brings water sports and access to an extensive network of hiking and mountain biking trails. The sun shines an average of 274 days a year giving students plenty of chances to get out and explore the Sierra Nevada.

HOUSING/TRANSPORTATION

There is no student housing on campus, but many rental options are available in the community. You should arrange for living accommodations as soon as the F-1 visa is granted. If there are friends or relatives living in this area, we recommend asking them to help arrange for your living quarters. Public transportation is available via Tahoe Transportation District and students will receive a free bus pass with valid student ID. For more information, visit www.ltcc.edu/campuslife/housing.php.
