Congratulations Victor Reynosa!

Student Excellence Award Winner

LTCC is proud to recognize its first-ever Student Excellence Award winner, Victor Reynosa! Several LTCC employees nominated Victor for this honor, including staff member Julie Booth and faculty members Sean Ryland (Chemistry) and Dr. Cathy Cox (Physics).

Victor serves as the student representative on the college's Board of Trustees. He's active in the Math Club and gives back to his community by tutoring K-12 students in Math.

He's also a passionate advocate and trustee for the Associated Student Senate and is Co-President of the Science Club.

In nominating Victor, Julie Booth wrote, "Victor is not only extremely intelligent but is also an amazing human being. In his ability to effectively advocate for students, he consistently exceeds our expectations, not only in the quality of his leadership service, but also in his maturity, his acceptance of responsibility, and his follow-through with difficult assignments."

Sean Ryland added, "Victor is always engaged and working to apply class material to the world around him, and his excitement when it comes to learning is contagious. He is truly a student who makes instructors and other students better by virtue of his enthusiasm and passion, and LTCC as an institution is lucky to have him."

Dr. Cathy Cox noted, "Victor is super motivated and really good at inspiring other students. And he is a Led Zeppelin fan, so I think he's super cool."

The Student Excellence Award honors students who achieve academic excellence, demonstrate leadership, and offer service to the college and the community. Any faculty, staff or administrator can nominate a student who has completed at least 24 units at LTCC, has a minimum 2.75 GPA, and is enrolled in 8 units or more. **Please consider nominating a deserving student like Victor!**

Victor Reynosa with Jeff DeFranco, LTCC President/Superintendent

¡Felicitaciones a Victor Reynosa!

Ganador del Premio a la Excelencia Estudiantil

¡Es un orgullo para LTCC reconocer a su primer estudiante galardonado con el Premio a la Excelencia Estudiantil, Victor Reynosa! Varios empleados de LTCC nominaron a Victor para este honor, incluyendo a Julie Booth de miembro del personal y a los profesores Sean Ryland (química) y Dr. Cathy Cox (física).

Victor sirve como representante estudiantil en el Consejo Directivo del colegio. Él participa activamente en el Club de Matemáticas y retribuye a su comunidad mediante su labor de tutoría de

matemática a estudiantes que van desde kindergarten al duodécimo grado. Él también es un apasionado defensor y fideicomisario para el Senado de los Estudiantes Asociados y es copresidente del Club de Ciencia.

Para el nombramiento de Victor, Julie Booth escribió, "Victor no es sólo extremadamente inteligente pero también es un increíble ser humano. En su capacidad para abogar eficazmente por los estudiantes, él consistentemente excede nuestras expectativas, no solamente por la calidad de su servicio de liderazgo, pero también por su madurez, su aceptación de responsabilidad, y el seguimiento y cumplimiento de asignaciones difíciles".

Sean Ryland agregó, "Victor siempre está comprometido y trabaja para aplicar el material didáctico en el mundo que le rodea, y su emoción en cuanto al aprendizaje es contagiosa. Él es realmente un estudiante que hace que los instructores y otros estudiantes sean mejores en virtud de su entusiasmo y su pasión, y LTCC es una institución que tiene mucha suerte por contar con él".

Dr. Cathy Cox indicó, "Victor está muy motivado y es realmente bueno inspirando a otros estudiantes. Y él es un fan de Led Zeppelin, así que yo creo que él es genial".

El premio a la Excelencia Estudiantil reconoce a los estudiantes que logran la excelencia académica, demuestran liderazgo, y que prestan un servicio al colegio y a la comunidad. Cualquier docente, empleado o administrador puede nominar a un estudiante que haya cumplido por lo menos 24 unidades en LTCC, que tenga un mínimo de 2.75 GPA, y que esté inscrito en 8 o más unidades. **¡Por favor considera nominar a un estudiante que lo merezca, así como Victor!**

CAMPUS CONSTRUCTION, SUMMER PROJECTS

Measure F bond funding continues to bring improvements to campus again this summer. Here's what's coming and how it may affect building and parking lot access this summer:

Main Parking Lot

The main parking lot on the south side of campus will be completed this summer. Work began in May and will be completed as quickly as possible. In addition to resurfacing the lot, existing walkways will be replaced to provide heat, and additional heated pathways will be constructed, similar to the path running through the entire lot for quicker and safer building access during winter. A plaza will also be constructed in front of the library, along with a new bike path that will eventually connect to South Lake Tahoe's integrated trail system. This project will impact parking access on campus! Please consider using public transportation or pedal power to visit campus during this work.

Lisa Maloff University Center

After graduation this summer, construction will begin for our new University Center. This highly anticipated project includes the placement of a new building located next to the existing theatre building. It will also include a significant amount of site work with a series of heated connecting sidewalks. This project will impact access in and out of the east side of the theatre building. Additionally, the current theatre parking lot will be unavailable during this project. There will still be access to the Child Development Center and to the parking area for the Garden buildings, Ledbetter Terrace, and Demonstration Garden.

Commons Renovation, Phase 2

This summer, before and after ISSI, will bring Phase 2 of our Commons project. This phase will focus on the remainder of work occurring on the first floor. Look for fresh color on the walls and new furniture. Despite the work going on, you will still be able to walk in and around the Commons.

Wireless Upgrades, Phase 2

We will be continuing the upgrades to our campus wireless system with the addition of more access points to improve your online experience.

PROYECTOS DE CONSTRUCCIÓN DENTRO DEL CAMPUS DURANTE EL VERANO:

La medida F de financiamiento con bonos continúa trayendo mejoras al campus nuevamente este verano. Esto es lo que está por llegar y cómo podría afectar el acceso a los edificios o al estacionamiento este verano.

Estacionamiento Principal

El estacionamiento principal localizado al sur del campus se completará este verano. El trabajo de construcción comenzó en mayo y terminará lo más rápido posible. Además de renovar el estacionamiento, los pasillos existentes serán reemplazados para proporcionar calefacción, y se construirán caminos con calefacción adicionales, los cuales serán similares al camino que recorre todo el estacionamiento, para contar con un acceso más rápido y más seguro al edificio durante el invierno. También se construirá una plaza al frente de la biblioteca, junto a un nuevo camino para bicicletas que con el tiempo conectará al sistema integrado de caminos de South Lake Tahoe. ¡Este proyecto tendrá un gran impacto en el acceso al estacionamiento en el campus! Por favor considera utilizar transporte público o la potencia del pedaleo para visitar el campus durante el proceso de construcción.

Centro Universitario Lisa Maloff

Después de las graduaciones este verano, comenzará la construcción de nuestro nuevo centro universitario. Este proyecto tan esperado incluye la creación de un nuevo edificio situado junto al teatro. También incluirá una serie de reformas en el área que incluyen aceras con calefacción conectadas entre sí. Este proyecto tendrá un gran impacto en la entrada y salida del lado este del edificio de artes. Adicionalmente, el estacionamiento actual del teatro no estará disponible durante este proyecto. Aún así habrá acceso al Centro de Desarrollo Infantil y al área los edificios del jardín, Ledbetter Terrace y Demonstration Garden.

Renovación del área central, Fase 2

Este verano, antes y después de ISSI, se realizará la fase 2 del proyecto en nuestra área central. Esta fase se enfocará en el trabajo restante que se realiza en el primer nivel. Observe el color nuevo en las paredes y los nuevos muebles. A pesar del trabajo que se estará realizando, tú todavía podrás entrar y caminar alrededor del área central.

Actualización de la conexión inalámbrica, Fase 2

Nosotros continuaremos las actualizaciones a nuestro sistema inalámbrico en el recinto, con la incorporación de más puntos de acceso para mejorar tu experiencia en línea.

Opportunities for CA Corrections Staff

Lake Tahoe Community College has partnered with the California Department of Corrections and Rehabilitation (CDCR) to provide an opportunity for CDCR staff to earn online certificate and associate degrees through the college, particularly in the fields of Criminal Justice and Administration of Justice (CRJ).

“With (CDCR) Secretary (Scott) Kernan’s full support, one of the primary goals of the Department is to expand educational opportunities for CDCR staff,” said Associate Director Stacy Lopez. “This educational opportunity opens the door for professional growth and increases potential for promotions.”

CDCR employees have the opportunity for pay increases and promotional opportunities by taking college classes. LTCC designed a webpage (www.ltcc.edu/cdcr) for CDCR staff with information on the college, the CRJ program and courses, admissions information, and answers to frequently asked questions.

“We want you to consider LTCC to be your home college,” said Brad Deeds, Dean of Workforce Development and Instruction at LTCC. “We have a fully online program that will enable you to advance in your career with the CDCR through flexible scheduling, high quality education, and dedicated student support services. We are here to assist you in achieving your goals every step of the way.”

Lake Tahoe Community College participates in a number of federal and state programs designed to help you if you need financial assistance to further your education. If you are pursuing a certificate, A.A. Degree or transfer, and have financial need, you may be eligible for these programs, in addition to the fee waiver:

- **Grants** – awards you do not have to repay (unless you drop all classes before completing 60% of the quarter)
- **Federal Work Study** – part-time work paid monthly
- **Scholarships** – awards usually based on academic achievement

Financial aid programs available through LTCC include:

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Work Study (FWS)
- Extended Opportunity Program & Services (EOPS) Book Voucher, State funded
- Scholarships, Locally funded
- Board of Governors Fee Waiver, State funded
- Cal Grant, State funded
- Full-time Student Success Grant, State funded

To apply for any of these programs, please stop by the Financial Aid Office for forms and complete information and eligibility requirements. It costs nothing to apply; don't count yourself out of financial aid because you think you won't qualify. Processing may take from 6-8 weeks.

All currently registered students are automatically entered into LTCC Alert each quarter based on contact information provided during the registration process. Your LTCC Alert login credentials are the same as those you use to login into Passport. If you'd like to make changes to your LTCC Alert account, including stopping messages from going to your cell phone or email address, go to www.getrave.com/login/ltcc and select the My Account tab.

Community members, parents, former LTCC students and others who want to receive LTCC Alert emergency notifications can self-register by going to <https://www.getrave.com/login/ltcccommunity>.

Writers' Series Featuring Camille Dungy

Join us Thursday, June 15, 7pm-9pm
in the Board/Aspen Room!

Guidebook to Relative Strangers Camille T. Dungy

W. W. Norton, June 2017

An award-winning African American poet debuts in prose with a stunningly graceful and honest exploration of race, motherhood, and history.

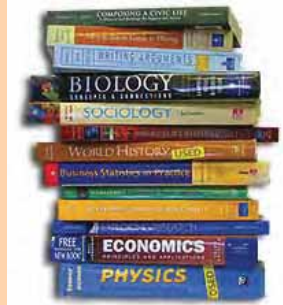

As a working mother whose livelihood as a poet-lecturer depended on travel, Camille T. Dungy crisscrossed America

with her infant, then a toddler. As they travel, Dungy is intensely aware of how they are seen, not just as mother and child but as black females. With a poet's eye, she celebrates the particular in the universal, such as a child's acquisition of language and what to pack in a diaper bag. At the same time, her horizons are wide, as history shadows her steps everywhere she goes: from the San Francisco of settlers' and investors' dreams to the slave-trading ports of Ghana; from snow-white Maine to a festive, yet threatening, bonfire in the Virginia pinewoods.

With exceptional candor, Dungy explores our inner and outer worlds—the multitudinous experiences of mothering, illness, and the ever-present embodiment of race—finding fear and trauma but also mercy, kindness, and community. Penetrating and generous, far-seeing and intimate, her prose is an essential guide for a troubled land.

Performances: June 16-25 ~ LTCC Duke Theatre

A small group of people help Jesus Christ tell different parables by using a wide variety of games, storytelling techniques and a hefty dose of comic timing. An eclectic blend of songs, ranging in style from pop to vaudeville, is employed as the story of Jesus' life dances across the stage. Dissolving hauntingly into the Last Supper and the Crucifixion, Jesus' messages of kindness, tolerance and love come vibrantly to life.

SUPERIOR-THE MYSTERY OF DON JUAN

This course explores the mystery behind the character of don Juan. Four centuries ago, don Juan was initially a theatrical figure and over time has become a universal myth. Throughout numerous adaptations and re-writes, the character has developed two sides: a figure of the eternal seducer and a symbol of freedom. This course will explore the changes in the character, century by century, from his first theatrical appearance in 1630 to the more contemporary theatrical adaptations in Spain. The instructor will use material taken from literature, art, music, and film.

THE PAINTING "LAS MENINAS," A VELÁZQUEZ
MASTERPIECE

In 1656, Diego de Velázquez finished a royal portrait that has come to be known as "Las Meninas." Considered one of western art's greatest "meta-paintings" (a painting about painting), the canvas has been imitated, parodied, adapted for theater, praised in poetry, and interpreted and re-interpreted dozens of times. This course will explore Velázquez's masterwork in its aesthetic, social, and political contexts and will consider its role in defining the museum that houses it, the Museo Nacional del Prado in Madrid. This course is conducted in English.

For more information and to enroll, students must attend the mandatory orientation (check the online schedule for dates/times). It is NOT necessary to meet with the instructor or RSVP prior to orientation.

COREQUISITES: Students must be available to work 4 to 40 hours per week for an approved business and must have an application file each quarter enrolled.
