Making your educational dreams come true can be expensive. Enrollment fees, tuition, and the cost of books and supplies, added to daily expenses, can stretch a normal budget beyond its limits. Financial Aid is one way to expand those limits while making an investment in your future.

Lake Tahoe Community College participates in a number of federal and state programs designed to help you if you need financial assistance to further your education. If you are pursuing a certificate, A.A. Degree or transfer, and have financial need, you may be eligible for these programs, in addition to the fee waiver:

- **Grants** – awards you do not have to repay (unless you drop all classes before completing 60% of the quarter)
- **Federal Work Study** – part-time work paid monthly
- **Scholarships** – awards usually based on academic achievement

Financial aid programs available through LTCC include:

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Work Study (FWS)
- Extended Opportunity Program & Services (EOPS) Book Voucher, State funded
- Scholarships, Locally funded
- Board of Governors Fee Waiver, State funded
- Cal Grant, State funded
- Full-time Student Success Grant, State funded

To apply for any of these programs, please stop by the Financial Aid Office for forms and complete information and eligibility requirements. It costs nothing to apply; don't count yourself out of financial aid because you think you won't qualify. Processing may take from 6-8 weeks.

- **Field trips and optional fees:** A student may receive a field trip refund if withdrawal is made two weeks prior to the first class meeting. EXCEPTIONS: Exceptions to the Lake Tahoe Community College refund policy may pertain to students requesting military withdrawal in accordance with California Military and Veterans Code, section 824.

Where Are They Now?

Catching up with LTCC Alumni & Bond Project Field Assistant,

Richard Macias

Q: What's your LTCC story?

A: I moved from Las Vegas to South Lake Tahoe to live with my dad just before my senior year of high school. He held me accountable and made sure I went to school every day. Right after I graduated from South Tahoe High, my dad encouraged me to come to Lake Tahoe Community College and see what might be here for me. He'd taken a few classes and really liked the college. So, that's how I ended up becoming a full-time LTCC student and the first college graduate in my family. I studied different things, including Theatre Arts, where I really learned about myself and who I am, and Criminal Justice. I ended up earning an AA degree in Social Science in 2014. I was active and involved at LTCC, taking part in clubs, being a student ambassador, student worker, and really fitting in with the college community. I got to know a lot of staff and faculty.

Q: Then what? How did you figure out your next move?

A: As a TRiO student at LTCC, I was able to go on a few free college trips to check out four-year options. So I visited UC Davis' campus, and I fell in love with it. I knew that's where I wanted to be, that I would be really comfortable there. It gave me hope, to know that the right school was there for me. A whole bunch of LTCC staff and instructors helped me get into Davis – Aaron Barnett and Pete Dixon in Counseling were a big part of motivating and helping me to get all of my application materials done. And then once I got there, I did well – LTCC prepared me for it. There are so many LTCC employees and teachers to thank for that, including Dr. Scott Lukas and Dr. Albert Ponce, who got me hooked on Political Science, and English teacher Michael O'Laughlin, who got my writing skills ready. I really enjoyed my time at Davis!

Q: And then there you were on LTCC's campus in June – what brought you back?

A: Just before I graduated from Davis, LTCC Vice President of Administrative Services Jeff DeFranco and I connected on LinkedIn. He could see that I had some experience working in the Design & Construction Management Office at UC Davis. He asked me if I was interested in interviewing for a part-time position in support of LTCC's summer projects. Now I help oversee $5 million worth of construction projects, coordinating with our contractors, and keeping forward momentum happening. Once LTCC's Master Plan has been completed and all the bond construction work is done, I can see that LTCC is going to be the premier community college in California. It's great to come back and see these kinds of major improvements, and to be part of taking the campus to the next level. It's very satisfying!

Welcome New Faculty~

Getting to Know New Biology Instructor,

Dr. Behnaz Gangursky

In addition to her love of Anatomy and Physiology, Behnaz brings with her a wealth of unique experiences. She was born in northwestern Iran, near Turkey, and grew up in Shiraz with her four siblings and parents. Her parents always worked very hard but did not have the advantages of education, so they sacrificed in order to provide educational experiences for their children, who are all first-generation college graduates. Perhaps not surprisingly, given their focus on the values of education, all of Behnaz's siblings are scholars and teachers.

Behnaz was teaching high school biology when she was accepted to a master's degree program. She also taught at the Pre University Center. (In Iran, one has to pass a difficult exam to be selected to pursue a higher degree.) After completing her master's degree, she joined her sister and brother-in-law in Japan, where she pursued her PhD in neuroendocrinology at a lab in Maebashi City. She focused on the study of thyroid hormones on the brain and hypothyroidism's effects on stress and behavior. (Her papers were published in 2005 and 2014 in the journal *Neuroendocrinology*.) Behnaz struggled to make ends meet as a graduate student, and when her professors realized how hard she was working, they went out of their way to support her, showing her how powerful a teacher's impact can be on a student's life.

Behnaz moved from Japan to El Dorado Hills after completing her doctorate and worked very hard to teach herself English (her first language is Farsi) and to support her family. She faced hardships common to many immigrants, and her own struggles and successes inspire her to support her students, as people in her life supported her. Her experiences also help her have empathy for and understand her students' unique challenges.

The job teaching Anatomy and Physiology at LTCC is her fairy tale job. She feels it is a joy to practice teaching as an art, to break down the hardest concepts into understandable pieces. "I love, love, love teaching. And I want to do my best." She wants her students to realize their potential, even beyond biology. She loves to help students see the positive impacts of becoming a good human being and what joy can come from helping others. As Behnaz notes, "For some students, the only hope they have is through understanding the power of education. Education is the rope they need to scale the mountain they are climbing." And education, to Behnaz, is life-long: "You have to be a good listener to learn, and life should always be about learning, taking something positive from every experience, working hard, and improving."

When asked how she likes being at LTCC, Behnaz answered, "Love it, love it! It's not just the classes that I am teaching. People at LTCC are so friendly, so loving. It feels like a family." LTCC is lucky and grateful to have Behnaz joining the full-time faculty at the college.

¿Dónde están hoy en día?

Poniéndonos al día con los alumnos graduados de LTCC y el Asistente de campo del Proyecto de Emisión de Bonos,

Richard Macias

P: ¿Cuál es tu historia en LTCC (por sus siglas en inglés)?
R: Me mudé de Las Vegas a South Lake Tahoe para vivir con mi papá justo antes de mi último año de escuela secundaria, mi papá me hizo responsable y se aseguró de que yo fuera a la escuela todos los días. Justo después de graduarme de la Secundaria South Tahoe, mi papá me animo a ir al Colegio Comunitario de Lake Tahoe y ver qué es lo que había disponible para mí. El había tomado algunas clases y realmente le había gustado el instituto. Fue así que terminé convirtiéndome en un estudiante a tiempo completo en LTCC y en el primer graduado universitario de mi familia. Estudié varias cosas, incluyendo artes teatrales, en dónde realmente aprendí sobre mí mismo y quién soy y sobre la justicia criminal. En el 2014 obtuve un título de dos años (AA por sus siglas en inglés) en Ciencias Sociales. En LTCC yo me mantenía activo e involucrado, participando en clubes, siendo un estudiante embajador y también trabajando, y en realidad, encajando en la comunidad del colegio; llegué a conocer a muchas personas entre el personal docente y administrativo.

P: ¿Y después de eso? ¿Cómo decidiste cuál sería tu siguiente paso?
R: Como estudiante del programa TRiO en LTCC pude ir a algunos viajes universitarios gratuitos para explorar las opciones de estudios de cuatro años, visité el campus de UC Davis y me encanto, supe que allí era donde quería ir y donde estaría muy cómodo. Me dio mucha esperanza el saber que había una institución educativa adecuada para mí. Un montón de personas del personal docente e instructores de LTCC me ayudaron a ingresar a Davis – Aaron Barnett y Pete Dixon de consejería jugaron un gran rol motivándome y ayudándome a completar mis materiales de solicitud. Una vez allí, me fue muy bien – LTCC me preparó para eso. Hay tantos empleados y maestros de LTCC a quienes debo agradecer, incluyendo el Dr. Scott Lukas y el Dr. Albert Ponce, quienes hicieron que me enganchara con las Ciencias Políticas, y a mi maestro de inglés Michael O'Laughlin, quien me preparó para tener una buena redacción. ¡Disfruté mucho el tiempo que estuve en Davis!!

P: ¿Y después de eso, estuviste de regreso en el campus de LTCC en junio – qué te trajo de vuelta?
R: Justo antes de graduarme de Davis, el Presidente de Servicios Administrativos de LTCC, Jeff DeFranco, y yo no conectamos en LinkedIn, Jeff sabía que yo tenía un poco de experiencia trabajando en la Oficina de Administración de Diseño y Construcción en UC Davis y me preguntó si estaba interesado en una entrevista para una posición a medio tiempo para ayudar con los proyectos de construcción en LTCC durante el verano. Ahora ayudo a supervisar proyectos de construcción valorados en $5 millones, en colaboración con nuestros contratistas y manteniendo el ritmo de trabajo. Una vez que el Plan Maestro de LTCC se haya completado y toda la construcción con emisión de bonos haya terminado, puedo ver que LTCC será el mejor colegio comunitario de California. Es genial regresar y ver estas enormes mejorías, y ser parte de que el campus suba al siguiente nivel. ¡Es muy satisfactorio!

Bienvenidos Profesores Universitarios~

Familiarizándonos con la nueva instructora de Biología,

Dr. Behnaz Gangursky

Además de su amor por la Anatomía y Fisiología, Behnaz trae consigo una enormidad de experiencias únicas, nació en el noroeste de Irán, cerca de Turquía y creció en Shiraz con sus cuatro hermanos y sus padres. Sus padres siempre trabajaron muy duro pero no contaban con las ventajas de la educación, por lo que se sacrificaron para poder facilitar experiencias educativas a sus hijos, todos quienes se convirtieron en primera generación de graduados universitarios. Quizás no debería causar sorpresa que dado a su enfoque en los valores de la educación, todos los hermanos Behnaz son escolares y maestros.

Behnaz enseñaba biología a nivel de escuela secundaria cuando la aceptaron en el programa de maestría. Ella tambiaen enseño en el Centro de Pre Universidad. (En Irán, uno debe pasar un examen muy difícil para ser seleccionado para estudiar para obtener un título superior.) Después de completar su título de maestría, se unió con su hermana y su cuñado en el Japón, donde estudió su doctorado (PhD) en neuroendocrinología en un laboratorio en la ciudad de Maebashi. Se enfocó en el estudio de las hormonas tiroides en el cerebro y en los efectos del hipotiroidismo en el estrés y el comportamiento. (Sus artículos fueron publicados en el 2005 y en el 2014 en el periódico de *Neuroendocrinología*.) Behnaz tuvo dificultades económicas durante sus estudios superiores y cuando sus profesores se dieron cuenta de lo mucho que se esforzaba, hicieron todo lo que pudieron para apoyarla, demostrándole que poderosa puede ser la influencia de un maestro en la vida de un estudiante.

Behnaz se mudó de Japón a El Dorado Hills después de completar su doctorado y trabajó intensamente para aprender por sí sola el inglés (su lengua materna es el farsi) y para sacar adelante a su familia. Behnaz enfrentó adversidades comunes a muchos inmigrantes y sus propias dificultades y éxitos le inspiraron para apoyar a sus estudiantes de la misma forma en que la gente en su vida la apoyó a ella. Sus experiencias también le ayudan a ser empática y entender los retos únicos de sus estudiantes

Trabajar enseñando anatomía y fisiología en LTCC es su trabajo de ensueño, siente que es una dicha practicar la enseñanza como un arte, dividir los conceptos más difíciles en piezas entendibles. "Me encanta, me encanta, me encanta enseñar, y quiero dar lo mejor de mí." Ella quiere que sus estudiantes alcancen todo su potencial, incluso más allá de la biología. A ella le encanta ayudar a los estudiantes a ver la influencia positiva de convertirse en un ser humano bueno y cuánta dicha puede resultar de la ayuda a los demás. Como Behnaz puntualiza, "Para algunos estudiantes, la única esperanza que tienen es mediante el entendimiento del poder de la educación. La educación es la cuerda que necesitan para escalar la montaña que están subiendo." Y la educación, para Behnaz, dura toda la vida: "Debes aprender a escuchar con atención para aprender. La vida siempre debería tratarse de aprender, sacando algo positivo de cada experiencia, trabajando duro y mejorando."

Cuando le preguntamos si le gusta estar en LTCC, Behnaz respondió, "¡Me encanta, me encanta! No solo las clases que enseño, la gente en LTCC es tan amable y cálida que se siente como una familia." LTCC tiene la suerte y agradece tener a Behnaz como parte del personal docente a tiempo completo del colegio.

Congratulations to Distinguished Faculty Award Winners, Sara Pierce, Albert Ponce, and Julie Ewing!

Full time faculty recipients receive a $1000 reward and adjunct faculty recipients receive a $500 award thanks to a generous donation by the LTCC Foundation.

(Pictured left to right): Sara Pierce (World Languages faculty), Albert Ponce (former faculty), and Julie Ewing (English adjunct faculty)

LTCC Spanish instructor Sara Pierce, was selected by her fellow faculty members as the Distinguished Faculty Award recipient of 2016!

Sara has taught in the World Languages Department at LTCC since 1999, quickly establishing herself as a student favorite. She was born and raised in South Lake Tahoe, and moved to Santa Barbara after high school to earn her Bachelor's in Spanish at Westmont College. During her undergraduate days, she traveled and studied in Spain for a semester and fell in love with Spanish history and culture. She then moved back closer to home to earn her Master's Degree from CSU Sacramento, and spent a summer in Guadalajara, Mexico, studying Mexican literature and linguistics. Just as she finished up her Master's thesis, she was offered a teaching job at LTCC. Sara has been a popular instructor with LTCC students for many years, and she won the Teacher of the Year award in 2015, which is selected by LTCC's student body.

For 2016, LTCC students selected Albert Ponce, PhD, as the teacher of the year. Albert received his B.A. from UC Berkeley and his M.A. and PhD from UCLA. Albert started teaching at LTCC during the fall of 2013 and was a student favorite over his three years teaching at LTCC. Albert was an advocate for equity and brought in many influential guest speakers to LTCC. This fall Albert moved on from LTCC to teach at Diablo Valley College. We wish Albert the best of luck and are thankful for his hard work during his time at LTCC.

This year the faculty members selected Julie Ewing as adjunct faculty member of the year. Julie has consistently worked as an outstanding addition to the English department for thirteen years. She has successfully taught all levels of regularly offered coursework in the English department, from literature to composition to basic skills, and in doing so has made herself an essential member of the department. Julie has volunteered on committees and taken on leadership responsibilities in addition to her teaching duties. Just as important as her skills and hard work is her devotion to her students. Both her student and faculty evaluations have been stellar. Julie often works independently with students outside of the classroom, and her students regularly note both her rigorous standards and her authentic care for each student's learning.

Welcome Brad Deeds, Dean of Workforce Development and Instruction

The Dean of Workforce Development and Instruction manages the college's various Career and Technical Education programs, including the Fire Academy, Culinary Arts, Commercial Music, Allied Health, the new Adult Education program, and other vocationally-focused departments on campus. It will also oversee workforce development and certain instructional programs at LTCC.

As State Director of Adult Education for the state of Nevada for the past six years, Brad has managed programs in Adult Education, High School Equivalency, Distance Education, Alternative Education, and Corrections Education for Nevada's Department of Education. Prior to that, he managed the Workforce Development and Continuing Education divisions at Truckee Meadows Community College in Reno for six years, where he also served as an ESL adjunct faculty member and program coordinator. He was also the International Visitor Program Coordinator for the Northern Nevada International Center in Reno. Brad holds a Bachelors of Arts degree in English and Journalism from USC, and a Masters in Teaching English to Speakers of Other Languages from UNR.

Dr. Kindred Murillo, LTCC's Superintendent/President, said, "Ultimately, Brad's combination of credentials, education, and direct experience proved to be the right fit for LTCC, and we're thrilled to have him join our community. He has a wealth of experience in workforce development, career and technical education, adult education, and postsecondary instruction – a broad skillset that will prove extremely important to LTCC and our community in the years ahead." Welcome Brad!

Congratulations LTCC Employee Excellence Award Winners!

Laura Ryland, Jose Gutierrez, & Katie Bailey

Every quarter, LTCC selects one hard-working, dedicated employee as the college's Employee Excellence Award winner. The recipients of this award are staffers who consistently display and adhere to LTCC's mission, vision, and beliefs, and who show real determination in serving students to the best of their ability. The winners for 2015/16 are: IT Dept. program assistant Katie Bailey (Spring 2016), Human Resources specialist Laura Ryland (Winter 2016), and Lead Groundskeeper/Custodian Jose Gutierrez (Fall 2015).

In the few years she has worked at LTCC, Katie Bailey has proven herself to be enthusiastic, willing to take on extra work, eager to tackle large projects, and generous with her time and energy. She was instrumental in helping us choose a quality Content Management System for our external website, and she also came up with the new website design. By helping to keep the new website project organized and moving forward, Katie made it possible for the college to meet its August 1 launch date. Katie is always a pleasure to work with, and is kind and respectful to staff and students alike. We're lucky to have her here!

Laura Ryland came to the Human Resources office as a well-respected Admissions & Records Technician. In this past year, Laura has worked hard for the Human Resources department to increase its efficiency and effectiveness. She has worked with the Payroll Department to minimize and eliminate errors. She has a can-do attitude that makes her a "go to" for many inquiries and questions regarding topics like employee contracts, benefits, and worker's compensation, to name a few. Since taking on her new role, Laura has received many accolades from administrators and directors complementing her on her quick response time and follow up. Thank you for your dedicated service and professionalism, Laura!

LTCC has an incredible group of hard-working, dedicated staff in its Maintenance & Operations department, including superstar Jose Gutierrez. His professionalism, willingness to pitch in any time, and his dedication to providing a positive experience for students truly sets him apart. Jose is the one who opens the campus each day, conducts daily inspections to make sure things are running smoothly, helps set up daytime campus events, provides ground maintenance and snow removal, and a whole lot more. He is friendly, positive about his work, and lets his good-natured spirit guide him. He has been a huge help in developing custodial standards that have served to professionalize our staff.

CALIFORNIA COMMUNITY COLLEGES ONLINE EDUCATION INITIATIVE
ACCESS | QUALITY | COMPLETION

Welcome!
The **California Community College Online Education Initiative** is piloting an online course exchange that will enable students from any participating California Community College to enroll in and complete a course from another participating college. The courses will easily apply toward completion of a degree at the student's home college. Lake Tahoe Community College is one of the selected pilots to test the program, and starting this quarter, there is one course planned for this exchange, which is also available to our students.
The course here at LTCC is :

MAT 201- ELEMENTARY STATISTICS

Additional courses in development include: CRJ 101, ECE 102, ECO 101, ECO 102, PSY 101, & PSY 102.

This effort consists of many elements to support students, which include:

- offering the course using Canvas (our new online learning management system replacing Etudes);
- providing students with resources for online learning readiness (Quest for Online Success);
- facilitating FREE online tutoring services (NetTutor); and
- providing online counseling/advising (Cranium Café)

The purpose of the California Community College Online Education Initiative (CCC OEI), and Lake Tahoe Community College's participation, is to provide better access and quality leading to course completion via the online learning environment.

INTERNSHIP

INTERNSHIP - GENERAL WORK EXPERIENCE

This course is a student-earned worksite placement for on-the-job experience in positions directly related to their academic and career goals. An internship may be exploratory. Internship students must complete an application and be interviewed/ selected by the instructor prior to the orientation. Student interns must have a good academic record and should have completed some of the courses required in their major. Internship opportunities are posted online at ltcc.edu. Here are the steps to get started: First, complete an application available online at ltcc.edu or at Student Services office. Next, make an appointment to interview with instructor by calling ext. 294. Attend mandatory orientation meeting (only after interviews and a confirmed internship). This is a 12-week placement the student earns that gives students on-the-job experience directly related to the student's current educational goals and may be used to help students clarify career and academic options. Students must schedule an interview with the instructor to apply for internship and have good academic standing. Applications are available online at www.ltcc.edu under academics. A sampling of internship opportunities are posted online. Internships are usually on a volunteer basis and students are encouraged to apply at least a month before the quarter begins.

INTERNSHIP STUDENTS MUST BE INTERVIEWED AND SELECTED TO ENROLL IN THIS PROGRAM. After completing the application, make an appointment to interview with the instructor by calling (530) 541-4660 ext. 703. You must bring an unofficial copy of your transcript and a current resume.

If classes are to be cancelled or delayed, please take note of the following:

- ALL CLASSES CANCELLED — all day and evening sections will be cancelled and the college will be closed.
- CLASSES CANCELLED — DAY sections only — all classes starting *before* 5:30 pm will be cancelled. All classes starting at 5:30 pm or later will be held.
- CLASSES CANCELLED — EVENING sections only — all classes starting at 5:30 pm or later will be cancelled.

Keeping Our Campus Safe

In an effort to quickly and seamlessly inform the campus and community about emergencies, we now offer LTCC Alert. This mobile emergency notification system allows users to receive notifications via text, email, and voice regarding fires and other emergencies, weather closures, power outages, and other on-campus situations that may affect normal business operations.

All currently registered students are automatically entered into LTCC Alert each quarter based on contact information provided during the registration process. Your LTCC Alert login credentials are the same as those you use to login into Passport. If you'd like to make changes to your LTCC Alert account, including stopping messages from going to your cell phone or email address, go to www.getrave.com/login/ltcc and select the My Account tab.

Community members, parents, former LTCC students and others who want to receive LTCC Alert emergency notifications can self-register by going to https://www.getrave.com/login/ltcccommunity.

LTCC Alert will only send messages related to emergencies and timely notifications. We respect your privacy, and you will never receive any SPAM or notifications other than official LTCC communications.

Academic Policies

SATISFYING REQUIREMENTS

Each student must assume complete responsibility for compliance with the instructions and regulations set forth in this schedule for selecting the courses that will permit achievement of individual educational objectives, and for satisfying prerequisites for any course which they plan to take.

The College likewise assumes no responsibility for misinterpretation by students of policies and procedures as presented in this schedule. Counselors and faculty are available and willing to assist students in planning their programs.

Any questions or doubt concerning schedule material should be referred to the Office of the Vice President, Academic Affairs.

PREREQUISITES, COREQUISITES AND ADVISORIES

Some courses and educational programs have prerequisites, corequisites, or advisories considered necessary and appropriate to ensure that students are adequately prepared to succeed in the course or educational program.

What is a Prerequisite? A condition of enrollment that a student is required to meet in order to demonstrate current readiness in a course or educational program. Students are required to show proof of meeting the prerequisite in order to register for the course. Prerequisites completed at LTCC with a "C" or better will be automatically approved when students register for the course. Students who completed a prerequisite course at another college will need to provide proof to a LTCC counselor before they will be able to register.

What is a Corequisite? A condition of enrollment consisting of a course that students are required to complete simultaneously (or prior to) in order to enroll in another course. Students must register for the stated corequisite in order to register for the course.

What is an Advisory on Recommended Preparation? A condition of enrollment which students are advised, *but not required*, to meet before, or in conjunction with, enrollment in a course or educational program.

Are there other limitations on enrollment? Yes. Enrollment in certain courses or educational programs of study may require try-outs, auditions, or may be limited by health and safety considerations, and space limitations or legal requirements imposed by statutes, regulations or contracts. All such limitations are in conformity with the provisions of Title 5, Section 58106, California Community College Board of Governors.

What if I don't have the necessary prerequisites or corequisites? Students will not be permitted to enroll in a class for which they cannot demonstrate they have met the prerequisite, or are enrolled in the corequisite. If it is determined after a course begins that a student has not met the prerequisite, he/she will be dropped from the course.

Grounds for appeal

- The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite.
- The student possesses the skills/knowledge necessary to protect the health or safety of him/herself and others despite not meeting the stated health and safety prerequisite.
- The prerequisite or corequisite course is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.
- The student will be subject to undue delay in attaining the goal of his or her educational plan because the prerequisite or corequisite has not been made reasonably available.
- The prerequisite or corequisite has not been established in accordance with the District's process for establishing prerequisites or corequisites.
- The prerequisite or corequisite is in violation of Title 5.

Prerequisite Appeal Procedure

A student may appeal a prerequisite or corequisite by filing a Prerequisite or Corequisite Appeal Petition. This form can be obtained from Enrollment Services.

1. The complete appeal petition must be filed with Enrollment Services prior to registration.
2. The appeal petition will be processed within five working days of its receipt and the student notified accordingly.
3. If the appeal is upheld, the student will remain in the course.
4. In the event the petition is denied the student will be disenrolled; however, the student may appeal the decision in writing directly to the Division Dean or Vice-President, Academic Affairs.
5. Student will be notified of the appeal decision within five working days.

Workshop Spotlight

Bring Your Story to Life

Through the years, no matter what Lauren Vance's subject, from stories about oil workers, bombings and bombing survivors, mass school shootings, the homeless rebuilding their lives, an artist chasing a dream, or landmark medical procedures that allow the once paralyzed to move again, her work generates a feeling in the viewer of what is actually going on in the everyday lives of people, that their experience becomes the experience of the viewer.

Today Lauren just finished work on her a short documentary called, the *Carnival of Dreams*, featuring Gary Oldman and wet plate artist Ian Ruhter, and continues to direct, make films, and collaborate and on various projects across the globe for film, television, the web, and the arts. She has done work for Silver & Light, Inc. and the Silver & Light project; ABC Primetime; Sirens; Discovery; Investigation Discovery, to name a few. Her previous experiences also includes working with 60 Minutes and being a member of the team who developed *CBS This Morning* featuring Charlie Rose, Gayle King, and Norah O'Donnell. Once the show launched, she wrote, developed, and produced a series of specialized stories for it and all CBS News platforms.

Other than her own experience growing up in Germantown, Maryland (a small rural town 25 miles outside of Washington, DC), she had no prior training in journalism, the field where she began. It's become Lauren's strength, her ability to be open to a character's story, and her unique way into the subject matter that has gained her recognition and awards. Lauren began her journalism career as a special projects and medical producer, producing and working on over 40 major medical stories and specials, including for ABC Primetime and National News programs, including worldwide exclusives on medical breakthroughs and being on the front lines in operating rooms and inside patients homes through the years.

Bring Your Story to Life NEW

This expert-led workshop is for all abilities whether you're in video, television or filmmaking.

Here's a rare opportunity to learn first-hand the insider tips and state-of-the-art techniques from an award winning worldwide film producer director. Lauren Vance masters the art of storytelling by visually capturing the essence of human emotion for an engaged viewer experience. Her workshop offers a chance to learn the step-by-step process of story identification and develop a meaningful narrative for yourself or the heart of a subject. Learn how to effectively fine-tune a pitch, enhance video stories, master in-field production and on camera skills. This interactive workshop includes 12 teaching hours of combined lecture discussions, field, and online learning.

"The goal is to engage a feeling in the viewer of what is actually going on in the everyday lives of people, that their experience becomes the experience of the viewer," says Lauren Vance, Worldwide Director & Film Maker, Sony's Female Filmmakers Group and special guest LTCC workshop facilitator.
