# Academic Policies

## SATISFYING REQUIREMENTS

Each student must assume complete responsibility for compliance with the instructions and regulations set forth in this schedule for selecting the courses that will permit achievement of individual educational objectives, and for satisfying prerequisites for any course which they plan to take.

The College likewise assumes no responsibility for misinterpretation by students of policies and procedures as presented in this schedule. Counselors and faculty are available and willing to assist students in planning their programs.

Any questions or doubt concerning schedule material should be referred to the Office of the Vice President, Academic Affairs.

## PREREQUISITES, COREQUISITES AND ADVISORIES

Some courses and educational programs have prerequisites, corequisites, or advisories considered necessary and appropriate to ensure that students are adequately prepared to succeed in the course or educational program.

What is a Prerequisite? A condition of enrollment that a student is required to meet in order to demonstrate current readiness in a course or educational program. Students are required to show proof of meeting the prerequisite in order to register for the course. Prerequisites completed at LTCC with a "C" or better will be automatically approved when students register for the course. Students who completed a prerequisite course at another college will need to provide proof to a LTCC counselor before they will be able to register.

What is a Corequisite? A condition of enrollment consisting of a course that students are required to complete simultaneously (or prior to) in order to enroll in another course. Students must register for the stated corequisite in order to register for the course.

What is an Advisory on Recommended Preparation? A condition of enrollment which students are advised, but not required, to meet before, or in conjunction with, enrollment in a course or educational program.

Are there other limitations on enrollment? Yes. Enrollment in certain courses or educational programs of study may require try-outs, auditions, or may be limited by health and safety considerations, and space limitations or legal requirements imposed by statutes, regulations or contracts. All such limitations are in conformity with the provisions of Title 5, Section 58106, California Community College Board of Governors.

What if I don't have the necessary prerequisites or corequisites? Students will not be permitted to enroll in a class for which they cannot demonstrate they have met the prerequisite, or are enrolled in the corequisite. If it is determined after a course begins that a student has not met the prerequisite, he/she will be dropped from the course. Grounds for appeal

- The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite.
- The student possesses the skills/knowledge necessary to protect the health or safety of him/herself and others despite not meeting the stated health and safety prerequisite.
- The prerequisite or corequisite course is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.
- The student will be subject to undue delay in attaining the goal of his or her educational plan because the prerequisite or corequisite has not been made reasonably available.
- The prerequisite or corequisite has not been established in accordance with the District's process for establishing prerequisites or corequisites.
- The prerequisite or corequisite is in violation of Title 5.

### Prerequisite Appeal Procedure

A student may appeal a prerequisite or corequisite by filing a Prerequisite or Corequisite Appeal Petition. This form can be obtained from Enrollment Services.

1. The complete appeal petition must be filed with Enrollment Services prior to registration.
2. The appeal petition will be processed within five working days of its receipt and the student notified accordingly.
3. If the appeal is upheld, the student will remain in the course.
4. In the event the petition is denied the student will be disenrolled; however, the student may appeal the decision in writing directly to the Division Dean or Vice-President, Academic Affairs.
5. Student will be notified of the appeal decision within five working days.

**WLD-131BR AIARE INSTRUCTOR TRAINING COURSE 3.00 Units**

The AIARE Instructor Training Course (ITC) is a five-day course that prepares experienced backcountry travelers with professional training or experience to become AIARE Instructors. This course will prepare participants to use the AIARE curriculum and risk management tools to teach recreational travelers the skills necessary for decision making during travel in avalanche terrain. Furthermore, the course will frame expectations of Instructors in managing both instruction and risk through the use of the AIARE Instructor Standards. Participants will self-evaluate and receive feedback from AIARE Instructor Trainers on targeted skill areas; thereby, providing an opportunity for participants to practice and improve their instruction and risk management on courses. Upon successful completion of the course and all Instructor qualifications, participants will be able to apply for Instructor status.

PREREQUISITE: Must meet all AIARE Instructor Training Course (ITC) application prerequisites, be approved by AIARE to take the course, and have approval from the WEOL Program Director prior to enrollment.
