LEARNING OBJECTIVES

It is necessary to identify three new learning objectives each semester/session that the student is enrolled in the Internship Program. (Please refer to the Quarterly Course Packet for instructions.) Objectives must be specific, measurable, and accomplished within the internship quarter/session. Students and site mentors formulate the three objectives. They are reviewed and approved by the student, site mentor, and internship instructor at the beginning of the internship. Evaluation at internship's end will include site mentor's input and will be initiated by LTCC. Discussion will include progress on the specific objectives and overall job performance.

performance.		
Three specific, measurable goals to reach by en	l of internship:	
1.		
2.		
3.
