

## SLO Assessment

Thursday May 9, 2012

Present: Mark, Beth

SLO “blurb” to faculty (#1)

**Please explain the assessment briefly (“this was assessed by \_\_\_\_”). Please address the following:**

- 1. Whether or not you are satisfied with the SLO**
- 2. Are there recommendations for improvement of *student learning* (for example, any changes to the way this course is taught that might help improve student learning)?**
- 3. Budget implications and cost breakdown (even if there are no budget recommendations, please state this)**

In Tracdat – question mark next to “assessment narrative” – contains the other “blurb” we worked out for giving feedback to faculty regarding what to write.

Remind faculty – “if you had a recommendation for yourself the last time you assessed this SLO – please follow-up and let us know how it went - what did you do differently based on your recommendation for change?”.

Assessed Today:

MUS 104 B – History of Rock

MUS 112 – Basic Music Theory 2 – SLO 4, 5: “be sure to follow up on your current recommendation”

MUS 125 A- Beginning Voice: Broadway and Popular Music

PSY 102 – Child and Adolescent Development – AC: “It seems as though your narrative contains recommendations; please consider putting these in the ‘Recommendations’ section”.

- **Heather** - PSY 102, 103, 111 – In narrative: ? used in place of ‘ and “ – Heather, any insights into why this is happening?

- **Kurt** – should the committee provide written feedback for **each SLO for every course**, if there is **nothing to improve or change** (we've been writing "good job" or "Thank you" – do we have to do this for every SLO?)

PSY 103 – Adult Development – AC: "Do you think there is anything that you could do differently in your teaching that might help the 13% who had "no understanding"?"

PSY 104 – Social PSY

PSY 111 – PSY of Personal Growth

This week – committee completed Music and Psychology classes.

Feedback from today's meeting has been put directly into Tracdat.

Tracdat: Feedback from assessment committee is provided in Tracdat under "Assessment Results", "Recommendations" and titled "AC" (for "Assessment Committee").
