REGULATION 3.19

Board Policy Manual Section: 3.19 Academic and Progress Probation and Dismissal

Academic and Progress Probation and Dismissal

Academic Probation and Dismissal

A student who has attempted at least 12 quarter units at Lake Tahoe Community College as shown by the official academic record shall be placed on academic probation if the student has earned a cumulative grade point average below 2.0. Students on academic probation are required to meet with a counselor prior to registering for the next quarter.

A student on academic probation for a grade point deficiency shall be removed from probation when the student's cumulated grade point average is 2.0 or higher.

A student who is on academic probation shall be subject to dismissal if the student has completed 30 units with a cumulative grade point average of less than 2.0 in each of three (3) consecutively enrolled quarters (e.g., a fall quarter followed by a spring quarter if the student was not enrolled during the winter quarter of that academic year).

Students on academic probation will be limited to the lesser of the following options when registering for the next quarter:

1. three (3) courses, or
2. thirteen (13) quarter units.

Progress Probation and Dismissal

A student who has enrolled in a total of at least 18 quarter units at Lake Tahoe Community College as shown by the official academic record shall be placed on progress probation when the percentage of all units in which a student has enrolled and for which entries of "W," "I" or "NC" are recorded reaches or exceeds 50% of the total units. Students on progress probation are required to meet with a counselor prior to registering for the next quarter. Students will be limited to 13 (or fewer) units.

A student on progress probation because of an excess of units for which entries of "W," "I" and "NC" are recorded shall be removed from probation when the percentage of units in this category drops below 50% of the total units.

A student who has been placed on progress probation shall be subject to dismissal if the percentage of units in which the student has been enrolled, and for which entries of "W," "I" and "NC" are recorded in at least five (5) consecutive quarters, reaches or exceeds 50% of the total units.

Dismissal Appeal Procedures

Exceptions to the standards for dismissal may be warranted in the case of unusual circumstances such as extended illness, error, unforeseen personal situations, or other unexpected hardship.

Reinstatement

A dismissed student may be readmitted following an absence of one quarter. A student admitted after dismissal will remain on probation and may be dismissed after the reinstatement quarter if he/she does not meet the conditions of reinstatement.
