Dear Colleagues,

The final push!

The final draft of the LTCC 2025 ISER is due on Monday October 16, 2023. Here are a few key reminders:

- Our editor, Dr. Michelle Risdon, has made comments, so please address them.
- We need our Evidence Team to finish the links to the Evidence.

If there are any questions, please contact your Writing Lead. Elizabeth and I are also available for consultation.

Take care.
