Dear LTCC Community,

Monday marked the completion of the Final Draft for our Institutional Self Evaluation Report. We want to thank everyone involved in this huge undertaking, especially are Evidence and Writing Teams. We are reviewing the draft this week and then sending it out to be formatted. We anticipate releasing it to the LTCC community on or around October 31<sup>st</sup>. This process has required many iterations, and we anticipate some changes once the draft is released. Thank for your patience and we look forward to your comments.
