INDEPENDENT AUDITORS' REPORT

Board of Trustees
Lake Tahoe Community College District
South Lake Tahoe, California

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities, the aggregate discretely presented component unit (Lake Tahoe Community College Foundation), and the aggregate remaining fund information of Lake Tahoe Community College District (the District) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the 2020-2021 *Contracted District Audit Manual (CDAM)*, issued by the California Community Colleges Chancellor's Office. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, the aggregate discretely presented component unit, and the aggregate remaining fund information of the District as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter Regarding Change in Accounting Principle

During the year ended June 30, 2021, the District adopted the provisions of *Governmental Accounting Standards Board Statement (GASB) No. 84, Fiduciary Activities*. As a result of the implementation of this standard, the District reported a restatement for a change in accounting principle (see Note 17). Our auditors' opinion was not modified with respect to the restatement.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require the Management's Discussion and Analysis, the Schedule of Changes in the District's Net OPEB Liability and Related Ratios, the Schedule of Contributions – OPEB, the Schedule of the District's Proportionate Share of the Net Pension Liability, and the Schedule of Contributions – Pensions as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of, the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information listed in the Table of Contents, including the Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the other supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The accompanying unaudited supplementary information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 25, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021**

The discussion and analysis of Lake Tahoe Community College District's financial performance provides an overall review of the District's financial activities for the year ended June 30, 2021, including comparative information for the year ended June 30, 2020. The intent of the "Management's Discussion and Analysis" is to look at the District's financial performance as a whole. To provide a complete understanding of the District's financial standing, this analysis should be read in conjunction with the entire Independent Auditor's Report, particularly the District's financial statements beginning on page 14, and the notes to the basic financial statements beginning on page 22.

The Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in Statement No. 34, "Basic Financial Statements and Management Discussion and Analysis for State and Local Governments." Statement No. 35 was subsequently released, defining financial reporting for public colleges and universities. The financial statements in this report have been prepared in accordance with these standards.

The California Community College Chancellor's Office, through its Fiscal and Accountability Standards Committee, has recommended the Business Type Activity (BTA) model for financial reporting. Lake Tahoe Community College District has adopted the BTA reporting model for these financial statements.

To provide a more meaningful analysis of the District's financial information, certain comparative information is required to be presented in the MD&A. The reader will find comparative information relative to Full Time Equivalent Student enrollment (FTES) as well as key highlights of the audited financial statements.

As required, the annual report consists of three basic financial statements that provide information on the District as a whole:

- Statement of Net Position
- Statement of Revenues, Expenses and Change in Net Position
- Statement of Cash Flows

Financial Highlights

- The 2020-21 State Budget Act (AB 89) was adopted on June 29, 2020. This state budget was shaped by a continuing health crisis causing a temporary recession. Due to the unknown long-term effects of the health crisis, community colleges experienced deferrals totaling approximately 9% of total apportionment. This created a one-time savings for the State. The District had enough in reserves to overcome the deferred revenue until such a time they could be paid. The impact of the deferred apportionment was less interest revenue. The COLA for FY20-21 is 0%.
- The Board of Trustees' contingency reserve was designated in the Adopted Budget at 15.44% of budgeted unrestricted appropriations (\$2,806,418). As of June 30, 2021, the ending unrestricted fund balance was \$2,935,218 or 16.01% of 2020-21 unrestricted appropriations. In addition to the General Fund Reserves, LTCCD held reserves in other funds for the following purposes.
- Child Development Center (Fund 33) - \$8,331 was assigned for unanticipated declining revenue as well as unexpected expenses.
- Capital Projects Fund (Fund 41) - \$466,447 was assigned to reserves for capital projects.

Financial Highlights, continued

- Capital Project Fund for University Center (Fund 44) - \$200,000 was assigned to reserves for deferred maintenance as required by the donation as well as an additional \$43,815 for equipment replacement.
- Community Play Consortium, a JPA between Lake Tahoe Community College and the City of South Lake Tahoe (Fund 59) - \$262,500 was assigned to reserves to include \$25,500 for equipment replacement and \$231,000 for synthetic field maintenance and replacement.
- Self-Insurance Fund (Fund 61) - \$80,000 was assigned to fund the District share of property/liability claims.
- Retiree Health Benefits Fund (Fund 69) – \$250,000 was assigned at June 30, 2016 with the additional reserve of \$350,000 for the STRS/PERS reserve transferred from Fund 11.
- Other Post-Employment Benefits (Fund 79) - \$1,672,658 was assigned to this reserve for retiree benefits.
- LTCC has obtained a number of grants to support student enrollment and instruction of which many are state based. The FY20-21 restricted general fund budget continues to increase as LTCC receives money to be used for specific purposes. In previous years, increases were recognized for Student Equity and Achievement. Throughout fiscal years 19-20 and 20-21, the District has been authorized to receive \$4,104,480 in funding through the HEERF grant for higher education institutions (also known as the CARES act). This includes \$1,522,445 in funding for direct aid to students, and \$2,582,035 in funding for the District as an institution. The purpose of the student aid portion of the HEERF funding is to support students who were directly impacted by the disruption of campus operations due to COVID-19.. The purpose of the institutional portion of the HEERF funding is to support expenses related to COVID-19 needed to continue campus operations. In FY20-21, the District received and spent \$717,623.86 in institutional funding, and also received and distributed \$257,000 in funding directly to students.
- Fiscal Year 2020-21 saw a decrease in full-time equivalent students (FTES). The FY20-21 adopted budget was based on 1,943 FTES; however, actual FTES were 1,818 at year-end due to the outbreak of COVID-19. The outbreak led the Chancellor's Office to issue an emergency conditions allowance (ECA) locking in the FTES projections submitted in January 2020 as the reportable FTES for apportionment purposes. The ECA continued throughout 2020-21. The reportable FTES, per the ECA, was 1942.95. The district has been taking a conservative approach to projecting FTES for prior years. With the implementation of the new funding formula in FY18-19, reviewing and anticipating FTES will still be required as it makes up the majority of the apportionment from the state, but now there are two additional areas for the district to monitor and plan related to equity and student success. As with the prior year, there are numerous factors in play related to dual enrollment, ISAs, and International students that will affect the ending FTES number. While challenging, the district has created a schedule that emphasizes efficiency while maintaining opportunities for students to complete their courses of study.

Financial Highlights, continued

The following chart illustrates total credit and noncredit FTES reported on the CCFS-320 Annual Student Attendance Report. Total actual FTES decreased by 18 or 1 percent, from FY 2019-20 to FY 2020-21.

Ancillary Programs

- The current contract with Barnes & Noble for the period of July 1, 2020 – June 30, 2021 states that the District will receive a percentage of revenues from Barnes & Noble upon the following scale:
 - 0% on all gross sales up to \$500,000
 - 2% on all gross sales up to \$500,000
- The Child Development Center (CDC) was designed with the idea of service for the child, the child's family, LTCC and the community. The CDC also provides training for students interested in becoming teachers of children through observation and on-site participation. The operating deficit in fiscal year 2020-21 was \$7,245, which was partially covered with a \$80,000 subsidy from the general fund.
- A Community Education program was launched in 2011-12 to meet the needs of community members affected by the new repeatability regulations and those desiring enrichment courses. These courses are not subsidized by State apportionment and are instead funded solely by enrollment fees. In 2020-21, this program generated \$246,818 in revenue and provided over 165 workshops to approximately 1,112 participants.

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021**

Statement of Net Position

The Statement of Net Position includes all assets and liabilities using the modified-accrual basis of accounting, which is different than the methods of accounting used by most private-sector institutions. Net position, defined as the difference between assets and liabilities, is one way to measure the financial health of the District.

	2021	2020	Change
ASSETS AND DEFERRED OUTFLOWS OF RESOURCES			
Current assets	\$ 17,387,989	\$ 20,586,799	\$ (3,198,810)
Noncurrent assets	53,571,853	49,587,008	3,984,845
Deferred outflows of resources	5,215,918	4,895,300	320,618
Total Assets and Deferred Outflows of Resources	76,175,760	75,069,107	1,106,653
LIABILITIES AND DEFERRED INFLOWS OF RESOURCES			
Current liabilities	6,383,810	5,526,952	856,858
Noncurrent liabilities	50,593,195	48,831,863	1,761,332
Deferred inflows of resources	643,125	1,351,463	(708,338)
Total Liabilities and Deferred Inflows of Resources	57,620,130	55,710,278	1,909,852
NET POSITION			
Invested in capital assets, net of related debt	26,383,345	27,592,629	(1,209,284)
Restricted	4,226,976	3,554,393	672,583
Unrestricted	(12,054,691)	(11,788,193)	(266,498)
Total Net Position	\$ 18,555,630	\$ 19,358,829	\$ (803,199)

- Total assets and deferred outflows of resources for the District increased by 1.47% in fiscal year 2020-21 from the previous fiscal year.
- Cash and cash equivalents decreased by 31.07% in fiscal year 2020-21 from the previous fiscal year.
- Receivables increased 38.72% year over year primarily due to apportionments and grants.
- Included in capital assets are the net values of buildings, land and equipment. The capitalization threshold is \$5,000 or higher based upon original acquisition cost and capital assets by nature must have a life of longer than one year. Capital assets increased 8.04% due to construction in process, and completed projects offset by annual depreciation expense.
- Deferred outflows include items related to the implementation of GASB 68 and GASB 75 Accounting and Financial Reporting for Pensions and Other Postemployment Benefit Plans, and deferred charges on refunded bonds.

Statement of Net Position, continued

- Accounts payable amounts increased 20.06%. As with every year end it is our intent to request, receive and process invoices prior to year-end deadlines; however, this heavily relies on the vendors used. The increase in FY20-21 is primarily due to liability increases from large construction invoices recorded at the end of the fiscal year that were not paid until the start of the following fiscal year.
- Accrued payroll increased 22.25% due to variations in scheduling that shift the number of sections and days of wages earned in June but not paid until July 2021.
- Due to fiduciary funds increased significantly due to changes in timing of transfers of funds to the irrevocable trust to fund other postemployment benefits.
- Unearned revenue increased 32.98% over last year. The largest deferrals are Strong Workforce Local (categorical) of \$427,609, Adult Education (categorical) of \$243,520, Guided Pathways (categorical) of \$349,262, and Tuition and Association Fees of \$448,889. Compensated absences represent the dollar value of accrued vacation leave, compensatory time and banked faculty load. They are classified as a "non-current" liability as we cannot predict the amount that will be paid out in the subsequent year.
- Long-term debt consists of retiree health benefits payable, early retirement incentives, and the principal portion of financing capital projects. Banked faculty load remained about the same as the previous year. Long-term debt is reported both under current and non-current liabilities. The current portion of long-term debt decreased 76.33% and the non-current portion decreased by 0.26%. These changes are due primarily due to current year principal payments of the General Obligation Bonds, 2014 Series A.
- Deferred inflows are a category of items related to the implementation of GASB 68 Accounting and Financial Reporting for Pensions and GASB 75 net OPEB liability. This amount consists of the difference between projected and actual earnings on pension plan and OPEB investments as used in the actuarial studies.
- Net position invested in capital assets includes the net value of all capital assets net of accumulated depreciation, and related outstanding debt used to purchase the capital assets.
- Restricted amounts include reserves for encumbrances, capital projects, stores, and prepaid items.
- Unrestricted net assets reflect the remaining balance of unrestricted assets in all funds and includes the results of the aggregate net pension liability related to the District's share of unfunded PERS and STRS pension plan liabilities due to GASB 68 Accounting and Financial Reporting for Pensions and Unfunded Other Postemployment Benefit Plan liabilities and GASB Statement No. 75 Accounting and Financial Reporting for Postemployment Benefits Other Than Pension.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021**

Statement of Revenues, Expenses and Change in Net Position

The Statement of Revenues, Expenses and Change in Net Position presents the operating results of the District, as well as the non-operating revenues and expenses. State general apportionment, while budgeted for in operations, is considered non-operating revenue according to Generally Accepted Accounting Principles.

	2021	2020	Change
OPERATING REVENUES			
Tuition and fees	\$ 2,356,043	\$ 2,214,471	\$ 141,572
Grants and contracts, non-capital	10,304,868	10,286,755	18,113
Total Operating Revenues	12,660,911	12,501,226	159,685
OPERATING EXPENSES			
Salaries and benefits	19,420,361	18,581,127	839,234
Supplies, materials, and other operating expenses	5,968,445	6,830,940	(862,495)
Student financial aid	2,319,125	2,453,659	(134,534)
Depreciation	2,757,534	2,401,368	356,166
Total Operating Expenses	30,465,465	30,267,094	198,371
Operating Loss	(17,804,554)	(17,765,868)	(38,686)
NON-OPERATING REVENUES (EXPENSES)			
State apportionments, non-capital	10,542,558	10,947,120	(404,562)
Local property taxes, non-capital	5,090,046	4,828,284	261,762
State taxes and other revenues	48,360	48,679	(319)
Investment income, non-capital	23,382	68,413	(45,031)
Investment income, capital	44,095	236,207	(192,112)
Interest expense on capital asset-related debt	(1,215,725)	(1,242,812)	27,087
Transfers to fiduciary funds	(218,550)	(175,874)	(42,676)
Total Non-Operating Revenues (Expenses)	14,314,166	14,710,017	(395,851)
OTHER REVENUES (EXPENSES)			
State and local capital income	665,869	632,643	33,226
Local property taxes and other revenues, capital	1,989,387	1,840,027	149,360
Total Other Revenues	2,655,256	2,472,670	182,586
Change in Net Position	(835,132)	(583,181)	(251,951)
NET POSITION, BEGINNING OF YEAR	19,358,829	19,942,010	(583,181)
PRIOR PERIOD ADJUSTMENT (SEE NOTE 17)	31,933	-	31,933
NET POSITION, END OF YEAR	\$ 18,555,630	\$ 19,358,829	\$ (803,199)

- As reported in the statement of revenues, expenses, and changes in net position on page 14 of this report, the cost of all the District's governmental activities this year was \$31,899,740. The amount funded through local taxpayers by means of property taxes and other revenue was \$7,079,433; a increase of 6.2% from the previous fiscal year. Unrestricted state apportionment totaled \$10,542,558, a decrease of 3.70% from prior year.

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2021**

Statement of Revenues, Expenses and Change in Net Position, continued

- Net tuition and fees increased 6.39% in fiscal year 2020-21 due to a combination of factors. The District restored 3.8% of our FTES (an increase from 1751 to 1818). Additionally, there was an increase in both the out of state tuition and materials fees for a new popular course offering.
- Total operating expenses increased approximately 0.66% from the previous fiscal year with the largest increases occurring in salaries and benefits primarily due to OPEB reporting and in STRS and PERS liabilities associated with pension plans. The non-operating interest expense reflects the interest cost of the general obligation bonds.

Statement of Cash Flows

The Statement of Cash Flows provides information about cash receipts and cash payments during the fiscal year. This statement also helps readers assess the District's ability to generate net cash flows, its ability to meet its obligations and its need for external financing.

Cash Provided by (Used in)	2021	2020	Change
Operating activities	\$ (13,623,746)	\$ (15,362,836)	\$ 1,739,090
Noncapital financing activities	14,000,958	14,907,778	(906,820)
Capital financing activities	(5,377,023)	(2,199,792)	(3,177,231)
Investing activities	23,382	68,413	(45,031)
Net Increase (Decrease) in Cash	<u>\$ (4,976,429)</u>	<u>\$ (2,586,437)</u>	<u>\$ (2,389,992)</u>

- Operating activities include tuition and fees revenues, revenues from grants, operating expenditures, and payments on behalf of the auxiliary enterprises.
- Construction projects and capital debt are reported in capital and related financing activities. The significant increase in net cash provided by capital and related financing activities is a result of issuance of the 2014 Measure F Election Series B general obligation bond.
- Investing activities include interest and capital gains on District investments.
- Overall, cash at the end of the year increased significantly due to the issuance of the 2014 Measure F Election Series B general obligation bond.

Factors That May Affect the Future

The State of California adopted its 2020-21 budget as per statutory law on time for the tenth consecutive year. The 20-21 state budget limited new ongoing spending obligations. The budget includes some funding from the Federal government to help with unexpected COVID expenses. The effects of the State budget was as follows:

- Of utmost importance is the new funding formula, which was implemented beginning in July 2018. It has 3 main components: a base allocation, a supplemental allocation and a student success allocation. The state included a three-year average on the FTES portion of the allocation to provide a sense of stability. Beginning 2020-21, the Student Success allocation will now be calculated on a three year average. This will provide stability in calculating the allocation.
- The District has recently been approved for several federal grants, due to the addition of a Director of Government Relations and Grant Development. This position is dedicated to finding, applying for, and advocating for grants that will allow the District to continue to support our students. Federal grants recently approved include:
 - \$1,436,949 from Institutional Resilience and Expanded Postsecondary Opportunity for Dual Enrollment, to be spent over two years
 - \$1,386,875 from TRIO Educational Talent Search, to be spent over five years
 - \$4,815,687 from Hispanic Serving Institutions: STEM, to be spent over five years
- Additionally, the District has applied for the following Federal grant, which is pending approval:
 - \$269,000 from US Congressionally Directed Spending for the LTCC Fire Academy
- Health and welfare benefit costs have continued to increase each year. The District has negotiated options to control the employer cost of the health plans, including having employees cover the cost differential of any plan that exceeds the Health and Welfare cap of \$18,456.
- The District established a separate Retiree Benefit Fund, Fund 69, in 2012-13 and has continued to prefund the costs of retiree benefits into 2020-21. In addition, the District established a new Other Post Retirement Benefits Trust Fund (OPEB), Fund 79. The transfer to Fund 79 for 2020-21 was \$218,550. Due to the deferrals, the transfer to the irrevocable trust fund was delayed to ensure the district maintained an adequate cash flow without the need to borrow. The funds transferred to the OPEB trust will be invested and are permanently restricted for the purpose of providing future post-retirement benefits.
- For FY20-21, the budget act included funding to the California State Teachers Retirement System (CalSTRS) and the California Public Employees Retirement System (CalPERS) on behalf of colleges. The funding results in a temporary reduction of rates to CalSTRS in 2020-21 from 18.41% to 16.15% and in 2021-22 from 17.9% to 16.02%. The funding reduces the rates for CalPERS for 2020-21 from 22.67% to 20.7% and in 2021-22 from 26.4% to 22.84%. This savings for FY20-21 is approximately \$130,000. The reflection of \$353,870 in pass-through revenue and expenditures for STRS on-behalf payments made by the state remains budgeted, however, additional STRS and PERS on-behalf payments are not included in the FY20-21 budget, as we do not have enough information to include accurate projections.

Factors That May Affect the Future, continued

- The Board of Trustees' contingency reserve was designated in the Adopted Budget at 15.44% of budgeted unrestricted appropriations (\$2,806,418). As of June 30, 2021, the ending unrestricted fund balance was \$2,935,218 or 16.01% of 2020-21 unrestricted appropriations. In addition to the General Fund Reserves, LTCCD held reserves in other funds to cover significant STRS and PERS increases, replacement and repair of equipment needed to operate the campus.
- Full-time equivalent students (FTES) is one of the college's biggest challenges. The district has been conservative when anticipating FTES in the past. The new funding formula requires a new approach to planning. Reviewing and anticipating FTES will still be required in the future, as it makes up the majority of the apportionment from the state, but now there are two additional areas for the district to monitor and plan related to equity and student success. The college needs to remain diversified in the FTES from face-to-face, online, in-service contracts and incarcerated programs.
- The passage of Measure F, a \$55 million dollar Proposition 39 general obligation bond, will provide funding for maintenance and repair and modernization of existing facilities as well as the construction of new facilities. In August 2015, the district executed the first bond issuance, Series A, for \$19,000,000. A second issuance, Series B, was executed in February 2018 for \$15,000,000 and will fund projects approved by the board of trustees to take place through the 2021-22 academic year. Series C bonds were in progress at the end of the fiscal year with the final sale and funding to take place in early July 2021. Series C will be \$14,000,000 and will be primarily used for the modernization of the existing facilities. Series A of the bond allowed for the prepayment of the outstanding \$1,395,000 in lease revenue bonds in 2016-17 that were used to construct the Library building. Paying down the bonds has freed up approximately \$140,000 annually from the general fund that would have been used to pay the principal and interest on these bonds. Additionally, funds that would have been necessary to pay for the maintenance and repair of aging facilities will be freed up for other purposes. The modernization of the facilities will also result in significant savings in utility expenses as inefficient boilers and electrical systems are replaced with more energy efficient equipment.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, students, and investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need any additional financial information, contact Lake Tahoe Community College District, Russi Egan, Vice President of Administrative Services of Lake Tahoe Community College egan@ltcc.edu or (530)541-4660.

LAKE TAHOE COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 1 – ORGANIZATION

Lake Tahoe Community College District (the District) was established in 1974 as a political subdivision of the State of California and is a comprehensive, public, two-year institution offering educational services to residents of the surrounding area. The District operates under a locally elected five-member Board of Trustees form of government, which establishes the policies and procedures by which the District operates. The Board must approve the annual budgets for the general fund, special revenue funds, and capital project funds, but these budgets are managed at the department level. Currently, the District operates one college located within El Dorado County, California. While the District is a political subdivision of the State of California, it is legally separate and is independent of other State and local governments, and it is not a component unit of the State in accordance with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 61. The District is classified as a Public Educational Institution under Internal Revenue Code Section 115 and is, therefore, exempt from Federal taxes.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

Component units are legally separate organizations for which the District is financially accountable. Component units may also include organizations that are fiscally dependent on the District, in that the District approves their budget, the issuance of their debt or the levying of their taxes. In addition, component units are other legally separate organizations for which the District is not financially accountable but the nature and significance of the organization's relationship with the District is such that exclusion would cause the District's financial statements to be misleading or incomplete.

The three components used to determine the presentation are: providing a "direct benefit", the "environment and ability to access/influence reporting", and the "significance" criterion. As defined by accounting principles generally accepted in the United States of America and established by the Governmental Accounting Standards Board, the financial reporting entity consists of the primary government, the District, and the following component units:

- Lake Tahoe College Foundation

The Lake Tahoe College Foundation (the Foundation) is a legally separate, tax-exempt component unit of the District. The Foundation acts primarily as a fundraising organization to provide grants and scholarships to students and support to employees, programs, and departments of the District. The board of the Foundation consists of community members, alumni, and other supporters of the Foundation. Although the District does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon that the Foundation holds and invests are restricted to the activities of the District by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the District, the Foundation is considered a component unit of the District with the inclusion of the statements as a discretely presented component unit. The Foundation is reported in separate financial statements because of the difference in its reporting model, as further described below.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Financial Reporting Entity, continued

The Foundation is a not-for-profit organization under Internal Revenue Code (IRC) Section 501(c)(3) that reports its financial results in accordance with Financial Accounting Standards Codifications. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the District's financial reporting entity for these differences; however, significant note disclosures to the Foundation's financial statements have been incorporated into the District's notes to the financial statements.

Complete financial statements for the Foundation can be obtained from the Foundation's Business Office at One College Drive, South Lake Tahoe, CA 96150.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities as defined by GASB Statements No. 34 and No. 35 as amended by GASB Statements No. 37, No. 38, and No. 39. This presentation provides a comprehensive entity-wide perspective of the District's assets, liabilities, activities, and cash flows and replaces the fund group perspective previously required. Accordingly, the District's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. The significant accounting policies followed by the District in preparing these financial statements are in accordance with accounting principles generally accepted in the United States of America as prescribed by GASB. Additionally, the District's policies comply with the California Community Colleges Chancellor's Office Budget and Accounting Manual. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All material intraagency and intra-fund transactions have been eliminated.

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are classified as operating revenues. These transactions are recorded on the accrual basis when the exchange takes place. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, operating revenues consist primarily of student fees.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include State apportionments, property taxes, certain Federal and State grants, entitlements, and donations. Property tax revenue is recognized in the fiscal year received. State apportionment revenue is earned based upon criteria set forth from the Community Colleges Chancellor's Office and includes reporting of full-time equivalent student (FTES) attendance. The corresponding apportionment revenue is recognized in the period the FTES are generated. Revenue from Federal and State grants and entitlements are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements may include time and/or purpose requirements.

Operating expenses are costs incurred to provide instructional services including support costs, auxiliary services, and depreciation of capital assets. All other expenses not meeting this definition are reported as nonoperating. Expenses are recorded on the accrual basis as they are incurred, when goods are received, or services are rendered.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Measurement Focus, Basis of Accounting, and Financial Statement Presentation, continued

The District reports are based on all applicable GASB pronouncements, as well as applicable Financial Accounting Standards Board (FASB) pronouncements issued on or before November 30, 1989, unless those pronouncements conflict or contradict GASB pronouncements. The District has not elected to apply FASB pronouncements after that date.

The financial statements are presented in accordance with the reporting model as prescribed in GASB Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments, and GASB Statement No. 35, Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities, as amended by GASB Statements No. 37, No. 38, and No. 39. The business-type activities model followed by the District requires the following components of the District's financial statements:

- Management's Discussion and Analysis
- Basic Financial Statements for the District as a whole including:
 - Statements of Net Position - Primary Government
 - Statements of Revenues, Expenses, and Changes in Net Position - Primary Government
 - Statements of Cash Flows - Primary Government
 - Financial Statements for the Fiduciary Funds including:
 - Statements of Fiduciary Net Position
 - Statements of Changes in Fiduciary Net Position
- Notes to the Financial Statements

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be unrestricted cash on hand, demand deposits, and short-term unrestricted investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include unrestricted cash with county treasury balances for purposes of the statement of cash flows. Restricted cash and cash equivalents represent balances restricted by external sources such as grants and contracts or specifically restricted for the repayment of capital debt.

Investments

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and External Investment Pools, investments held at June 30, 2021, are stated at fair value. Fair value is estimated based on quoted market prices at year-end. Short-term investments have an original maturity date greater than three months, but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Accounts Receivable

Accounts receivable include amounts due from the Federal, State and/or local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the District's grants and contracts. Accounts receivable also consist of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty, and staff, the majority of each residing in the State of California. The allowance was estimated at \$51,456 for the year ended June 30, 2021.

Prepaid Expenses

Prepaid expenses represent payments made to vendors and others for services that will benefit periods beyond June 30.

Debt Issuance Costs, Premiums, and Discounts

Debt premiums and discounts, as well as issuance costs related to prepaid insurance costs are amortized over the life of the bonds using the straight-line method.

Capital Assets and Depreciation

Capital assets are long-lived assets of the District as a whole and include land, construction-in-progress, buildings, leasehold improvements, and equipment. The District maintains an initial unit cost capitalization threshold of \$5,000 and an estimated useful life greater than one year. Assets are recorded at historical cost, or estimated historical cost, when purchased or constructed. The District does not possess any infrastructure. Donated capital assets are recorded at estimated fair market value at the date of donation. Improvements to buildings and land that significantly increase the value or extend the useful life of the asset are capitalized; the costs of routine maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are charged as an operating expense in the year in which the expense was incurred. Major outlays for capital improvements are capitalized as construction-in-progress as the projects are constructed.

Depreciation of capital assets is computed and recorded utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 50 years; improvements, 10 years; vehicles and most equipment, 8 years, and technology equipment 3 years.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the entity-wide financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position also reports deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The District reports deferred outflows of resources for the current year pension and OPEB contributions. The district reports deferred outflows of resources for deferred charges on refunding of debt, for pension related items, and for OPEB related items.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The District reports deferred inflows of resources for the difference between projected and earnings on pension plan investments specific to the net pension liability. The District reports deferred inflows of resources for pension related items and for OPEB related items.

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions and pension expense, information about the fiduciary net position of the California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) plan for schools (the Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalSTRS and CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Member contributions are recognized in the period in which they are earned. Investments are reported at fair value.

Compensated Absences

Accumulated unpaid employee vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the entity-wide financial statements. The current portion of unpaid compensated absences is recognized upon the occurrence of relevant events such as employee resignation and retirements that occur prior to year-end that have not yet been paid within the fund from which the employees who have accumulated the leave are paid. The District also participates in "load-banking" with eligible academic employees whereby the employee may teach extra courses in one period in exchange for time off in another period. The liability for this benefit is reported on the entity-wide financial statements.

Sick leave is accumulated without limit for each employee based upon negotiated contracts. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, the value of accumulated sick leave is not recognized as a liability in the District's financial statements. However, retirement credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive .004 year of service credit for each day of unused sick leave. Retirement credit for unused sick leave is applicable to all academic employees and is determined by dividing the number of unused sick days by the number of base service days required to complete the last school year, if employed full time.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Unearned Revenue

Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the combined balance sheet and revenue is recognized. Unearned revenues include (1) amounts received for tuition and fees prior to the end of the fiscal year that are related to the subsequent fiscal year and (2) amounts received from Federal and State grants received before the eligibility requirements are met.

Noncurrent Liabilities

Noncurrent liabilities include general obligation bonds, compensated absences, banked leave, capital lease obligations pension and OPEB obligations with maturities greater than one year.

Net Position

GASB Statements No. 34 and No. 35 report equity as "Net Position" and represent the difference between assets and liabilities. Net Position are classified according to imposed restrictions or availability of assets for satisfaction of District obligations according to the following net asset categories:

Net of investment in Capital Assets: consists of Capital Assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets. To the extent debt has been incurred, but not yet expended for capital assets, such accounts are not included as a component invested in capital assets.

Restricted: Net position is reported as restricted when there are limitations imposed on their use, either through enabling legislation adopted by the District, or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District first applies restricted resourced when an expense is incurred for purposed for which both restricted and unrestricted resources are available.

Unrestricted: Net Position that is not subject to externally imposed constraints. Unrestricted net position may be designated for specific purposes by action of the Board of Trustees or may otherwise be limited by contractual agreements with outside parties.

When both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first and the unrestricted resources when they are needed. The entity-wide financial statements report \$4,226,976 of restricted net position.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Operating Revenues and Expenses

Classification of Revenues - The District has classified its revenues as either operating or nonoperating. Certain significant revenue streams relied upon for operation are classified as nonoperating as defined by GASB Statements No. 34 and No. 35. Classifications are as follows:

Operating revenues - Operating revenues include activities that have the characteristics of exchange transactions such as student tuition and fees, net of scholarship discounts and allowances, Federal, State, and local grants and contracts, and sales and services of auxiliary enterprises.

Nonoperating revenues - Nonoperating revenues include activities that have the characteristics of nonexchange transactions such as State apportionments, property taxes, investment income, gifts and contributions, and other revenue sources defined in GASB Statements No. 34 and No. 35.

Classification of Expenses - Nearly all of the District's expenses are from exchange transactions and are classified as either operating or nonoperating according to the following criteria:

Operating expenses - Operating expenses are necessary costs to provide the services of the District and include employee salaries and benefits, supplies, operating expenses, and student financial aid.

Nonoperating expenses - Nonoperating expenses include interest expense and other expenses not directly related to the services of the District.

State Apportionments

Certain current year apportionments from the State are based on financial and statistical information of the previous year. Any corrections due to the recalculation of the apportionment are made in February of the subsequent year. When known and measurable, these recalculations and corrections are accrued in the year in which the FTES are generated.

Secured property taxes attach as an enforceable lien on property as of January 1. The County Assessor is responsible for assessment of all taxable real property. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of El Dorado bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

Scholarships, Discounts, and Allowances

Student tuition and fee revenue is reported net of scholarships, discounts, and allowances. Fee waivers approved by the Board of Governors are included within the scholarships, discounts, and allowances in the Statement of Revenues, Expenses, and Changes in Net Position. Scholarship discounts and allowances represent the difference between stated charges for enrollment fees and the amount that is paid by students or third parties making payments on the students' behalf.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Federal Financial Assistance Programs

The District participates in federally funded Pell Grants, SEOG Grants, and Federal Work-Study programs, as well as other programs funded by the Federal government. Financial aid to students is either reported as operating expenses or scholarship allowances, which reduce revenues. The amount reported as operating expense represents the portion of aid that was provided to the student in the form of cash. These programs are audited in accordance with Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

On Behalf Payments

GASB Statement No. 24 requires direct on behalf payments for fringe benefits and salaries made by one entity to a third party recipient for the employees for another legally separate entity be recognized as revenues and expenditures by the employer entity. The State of California makes direct on behalf payments to CalSTRS and CalPERS on behalf of all community colleges in California. The California Department of Education has issued a fiscal advisory instructing districts not to record the revenue and expenditures for the on-behalf payments within the funds and accounts of a district. The amount of the on-behalf payments made for the District for the year ended June 30, 2021, was \$432,386 for CalSTRS. There were no contributions during 2020-21 for CalPERS. These amounts are reflected in the District's audited financial statements.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Interfund Activity

Interfund transfers and interfund receivables and payables are eliminated during the consolidation process in the Primary Government and Fiduciary Funds' financial statements, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Foundation Financial Statement Presentation

The Lake Tahoe College Foundation presents its financial statements in accordance with Statement of Financial Accounting Codifications. Under these reporting requirements, the Foundation is required to report information regarding its financial position and activities according to two classes of Net Assets: Net Assets Without Donor Restrictions and Net Assets With Donor Restrictions. As permitted by the codification, the Foundation does not use fund accounting.

Net Assets Without Donor Restrictions: Net assets available for use in general operations and not subject to donor (or specific) restrictions.

Net Assets With Donor Restrictions: Net assets subject to donor imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenues and expenses are recorded when incurred in accordance with the accrual basis of accounting. Revenues are reported as increases in the Net Asset Without Donor Restrictions classification unless use of the related assets is limited by donor-imposed restrictions. Contributions, including unconditional promises to give, are recognized as revenue in the period received. Conditional promises to give are not recognized as revenue until the conditions on which they depend are substantially met. Contributions for in-kind gifts from outside sources are recorded at their fair market value on the date of the donation.

Expenses are reported as decreases in Net Assets Without Donor Restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases to Net Assets Without Donor Restrictions unless their use is restricted by explicit donor stipulation or by law.

Investments are reported at fair value in accordance with FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*.

The Foundation is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and related California Franchise Tax Codes.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

New Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that may impact future financial presentations. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements of the District.

GASB Statement No. 84 – Fiduciary Activities. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement is effective for periods beginning after December 15, 2019. The District has implemented GASB Statement No. 84 for the year ending June 30, 2021.

GASB Statement No. 87 – Leases. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The Statement is effective for periods beginning after June 15, 2021.

NOTE 3 - DEPOSITS AND INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury - The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (*Education Code* Section (ECS) 41001). The fair value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Investment in the State Investment Pool - The District is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The fair value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which is recorded on the amortized cost basis.

Summary of Deposits and Investments

Deposits and investments of the Primary Government as of June 30, 2021, consist of the following:

Primary Government

Cash on hand and in banks	\$ 1,364,885
Cash in revolving	10,472
Investments	<u>9,663,076</u>
Total Deposits and Investments	<u>\$ 11,038,433</u>

Deposits and investments of the Fiduciary Funds as of June 30, 2021, consist of the following:

Fiduciary Funds

Cash on hand and in banks	\$ 7,309
Investments	<u>1,920,528</u>
Total Deposits and Investments	<u>\$ 1,927,837</u>

LAKE TAHOE COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 3 - DEPOSITS AND INVESTMENTS, continued

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the County pool and LAIF.

The District monitors the interest rate risk inherent in its portfolio by measuring the weighted average maturity of its portfolio. Information about the weighted average maturity of the District's portfolio is presented in the following schedule:

Investment Type	Fair Value	Weighted Average Days to Maturity
Money market master trust	\$ 1,746,891	Not applicable
County Investment Pool	7,702,940	699 days
State Investment Pool	2,133,773	291 days
Total	<u>\$ 11,583,604</u>	

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investments in the County pool and LAIF are not required to be rated, nor have they been rated as of June 30, 2021.

Custodial Credit Risk – Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk. However, the California Government Code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agency. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2021, approximately \$974,738 of the District's bank balance of \$1,364,885 was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the name of the District.

LAKE TAHOE COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 4 - FAIR VALUE MEASUREMENTS

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets that the District has the ability to access at the measurement date. Level 1 assets may include debt and equity securities that are traded in an active exchange market and that are highly liquid and are actively traded in over-the-counter markets.

Level 2 - Observable inputs, other than Level 1 prices, such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, such as interest rates and curves observable at commonly quoted intervals, implied volatilities, and credit spreads. For financial reporting purposes, if an asset has a specified term, a Level 2 input is required to be observable for substantially the full term of the asset.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the District's own data. The District should adjust that data if reasonably available information indicates that other market participants would use different data or certain circumstances specific to the District are not available to other market participants.

Uncategorized - Investments in the El Dorado County Treasury Investment Pool and the Local Agency Investment Funds/State Investment Pools are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

The District's fair value measurements are as follows at June 30, 2021:

Investment Type	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Uncategorized
Money market master trust	\$ 1,746,891	\$ -	\$ 1,746,891	\$ -	\$ -
County Investment Pool	7,702,940	-	-	-	7,702,940
State Investment Pool	2,133,773	-	-	-	2,133,773
Total	\$ 11,583,604	\$ -	\$ 1,746,891	\$ -	\$ 9,836,713

All assets have been valued using a market approach, with quoted market prices.

NOTE 5 - ACCOUNTS RECEIVABLE

Primary Government

Accounts receivable for the District consisted primarily of intergovernmental grants, entitlements, interest, and other local sources. The accounts receivable are as follows:

	Primary Government
Federal Government	
Categorical Aid	\$ 91,945
State Government	
Categorical Aid	102,392
Lottery	61,984
Apportionment	2,244,564
Local Sources	
Student Receivables	669,856
Other Local Sources	3,134,022
Total	\$ 6,304,763

Bad debt allowance is booked quarterly and based on Student Payment Plan balances at the end of each respective quarter. A table is provided below for actual calculation percentages and methodologies.

Allowance calculation parameters:

- 10% allowance for balances 3 – 5 Quarters old
- 30% allowance for balances 6 – 8 Quarters old
- 70% allowance for balances 9 – 11 Quarters old
- 100% allowance for balances 12 Quarters old

NOTE 7 - ACCOUNTS PAYABLE

Accounts payable for the District consisted of the following:

	Primary Government
Construction	\$ 699,604
Interest payable	507,393
Accrued payroll and related liabilities	432,500
Other	658,362
Total	<u>\$ 2,297,859</u>

NOTE 8 - UNEARNED REVENUE

Unearned revenue consisted of the following:

	Primary Government
Federal Financial Assistance	\$ 218,937
State Categorical Aid	2,602,298
Enrollment Fees	448,889
Other Local	448,089
Total	<u>\$ 3,718,213</u>

NOTE 9 - INTERFUND TRANSACTIONS

Interfund Receivables and Payables (Due To/Due From)

Interfund receivable and payable balances arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. Interfund activity within the governmental funds and fiduciary funds has been eliminated respectively in the consolidation process of the basic financial statements. Balances owing between the primary government and the fiduciary funds are not eliminated in the consolidation process. As of June 30, 2021, the amount owed between the primary government and the fiduciary funds was \$218,550.

Interfund Operating Transfers

Operating transfers between funds of the District are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use restricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. Operating transfers within the funds of the District have been eliminated in the consolidation process. Transfers between the primary government and the fiduciary funds are not eliminated in the consolidation process. During the 2021 fiscal year, the amount transferred to the fiduciary funds from the primary government amounted to \$218,550.

NOTE 10 - LONG-TERM OBLIGATIONS

Summary

The changes in the District's long-term obligations during the 2021 fiscal year consisted of the following:

	Balance July 1, 2020	Additions	Deductions	Balance June 30, 2021	Due Within One Year
Bonds and Notes Payable					
General obligation bonds	\$ 30,185,000	\$ -	\$ 585,000	\$ 29,600,000	\$ 105,000
Premiums, net	952,675	-	36,372	916,303	36,372
Total Bonds	31,137,675	-	621,372	30,516,303	141,372
Other Long-Term Liabilities					
Compensated absences	545,859	-	164,413	381,446	-
Capital Leases	16,748	-	8,932	7,816	7,816
Banked Faculty Load	69,401	-	56,842	12,559	-
Total Other Long-Term Liabilities	632,008	-	230,187	401,821	7,816
Total Long-Term Obligations	\$ 31,769,683	\$ -	\$ 851,559	\$ 30,918,124	\$ 149,188

Description of Debt

Payments on the general obligation bonds are paid by the Bond Interest and Redemption Fund. The capital leases are paid by the General Fund. The compensated absences, banked faculty load, other post employment benefits and pension liabilities will be paid by the fund for which the employee worked.

The 2014 Series A general obligation bonds lease revenue bonds were issued on August 5, 2016 in the amount of \$19,000,000 to finance the capital outlay projects. At June 30, 2020, \$15,705,000 of the bonds were outstanding. The general obligations bonds mature through August 2045. Interest rates range from 2.00 - 5.00 percent.

The 2014 Series B general obligation bonds lease revenue bonds were issued on February 13, 2018 in the amount of \$15,000,000 to finance the capital outlay projects. At June 30, 2020, \$14,480,000 of the bonds were outstanding. The general obligations bonds mature through August 2049. Interest rates range from 4.00 - 5.00 percent.

The District has utilized capital leases agreements to purchase equipment. The current lease purchase agreements in the amount will be paid through June 2022.

NOTE 10 - LONG-TERM OBLIGATIONS, continued

Banked Faculty Load

The District calculated the total long-term portion of banked faculty load as of June 30, 2021 at \$12,559. The unfunded faculty banked leave is included in the entity-wide statements.

NOTE 11 – POSTEMPLOYMENT BENEFITS

Other Postemployment Benefit Plan Liability

For the fiscal year ended June 30, 2021, the District reported net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense for the following plans:

OPEB Plan	Net OPEB Liability (Asset)	Deferred Outflows of Resources	Deferred Inflows of Resources	OPEB Expense (Benefit)
District Plan	\$ 775,088	\$ 237,430	\$ -	\$ 81,963

District Plan

Plan Administration

The District's governing board administers the Postemployment Benefits Plan (the Plan). The Plan is a single employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB) for eligible retirees and their spouses.

Management of the plan is vested in the District management. Management of the trustee assets is vested with the U.S. Bank.

Plan Membership

At the June 30, 2020 measurement date, the Plan membership consisted of the following:

	Number of Participants
Inactive Employees Receiving Benefits	7
Active Employees	104
	<u>111</u>

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 11 – POSTEMPLOYMENT BENEFITS, continued

Retiree Health Benefit OPEB Trust

The Retiree Health Benefit OPEB Trust (the Trust) is an irrevocable governmental trust pursuant to Section 115 of the IRC for the purpose of funding certain postemployment benefits other than pensions. The Trust is administered by the Retiree Health Benefit Funding Program Joint Powers Agency (the JPA) as directed by the investment alternative choice selected by the District. The District retains the responsibility to oversee the management of the Trust, including the requirement that investments and assets held within the Trust continually adhere to the requirements of the California Government Code Section 53600.5 which specifies that the trustee's primary role is to preserve capital, to maintain investment liquidity, and to protect investment yield. As such, the District acts as the fiduciary of the Trust. The financial activity of the Trust has been discretely presented. Separate financial statements are not prepared for the Trust.

Benefits Provided

The Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Benefits are provided through a third-party insurer, and the full cost of benefits is covered by the Plan. The District's governing board has the authority to establish and amend the benefit terms as contained within the negotiated labor agreements.

Contributions

The contribution requirements of Plan members and the District are established and may be amended by the District, the Faculty and Classified bargaining unions (CCA/CTA/NEA), and unrepresented groups. The required contribution is based on projected pay-as-you-go financing requirements, with an additional amount to prefund benefits as determined annually through the agreements with the District and its bargaining units. For fiscal year 2020-21, the District contributed \$220,550 to the Plan.

Investment

The Plan's policy in regard to the allocation of invested assets is established and may be amended by the governing board by a majority vote of its members. It is the policy of the District to pursue an investment strategy that reduces risks through the prudent diversification for the portfolio across a broad selection of distinct asset classes. The Plan's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocation over short time spans. The following was the governing board's adopted asset allocation policy as of June 30, 2021:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
US Large Cap	29%	7.8%
US Small Cap	13%	7.8%
All Foreign Stock	9%	7.8%
Other Fixed Income	49%	3.3%
Total	100%	

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 11 – POSTEMPLOYMENT BENEFITS, continued

Concentration

The investment policy of the Plan contains no limitations on the amount that can be invested in any one issuer. As of June 30, 2020, investments in a master trust represents 100 percent of the total investment.

Rate of Return

For the year ended June 30, 2020, the annual money-weighted rate of return on investments, net of investment expense, was 4.6 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Receivable

The OPEB Plan reported receivables from long-term contracts with the District for contributions. The contribution receivable as of June 30, 2021 was \$218,550.

Net OPEB Liability of the District

The District's net OPEB liability of \$775,088 was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The components of the net OPEB liability of the District at June 30, 2021, were as follows:

Total OPEB liability	\$ 2,226,696
Plan fiduciary net position	<u>1,451,608</u>
District's net OPEB liability	<u>\$ 775,088</u>

Plan fiduciary net position as a percentage of the total OPEB liability	65%
---	-----

Actuarial Assumptions

The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following assumptions, applied to all periods included in the measurement, unless otherwise specified:

Valuation date	June 30, 2019
Measurement date	June 30, 2020
Fiscal year	July 1st to June 30th
Actuarial cost methods	Entry age normal cost method
Inflation rate	2.75%
Investment rate of return	6.00%
Discount rate	6.00%
Health care cost trend rate	4.00%
Payroll increase	2.75%

The discount rate was based on the Bond Buyer 20-bond General Obligation Index.

LAKE TAHOE COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

NOTE 11 – POSTEMPLOYMENT BENEFITS, continued

Mortality rates were based on the 2020 CalSTRS Mortality Table for certificated employees and the 2017 CalPERS Active Mortality for Miscellaneous and Schools Employees Table for classified employees. Mortality rates vary by age and sex. (Unisex mortality rates are not often used as individual OPEB benefits do not depend on the mortality table used.) If employees die prior to retirement, past contributions are available to fund benefits for employees who live to retirement. After retirement, death results in benefit termination or reeducation. Although higher mortality rates reduce service costs, the mortality assumption is not likely to vary from employer to employer.

The actual assumptions used in the June 30, 2019 valuation were based on the results of an actual experience study for the period July 1, 2018 to June 30, 2019.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Discount Rate

The discount rate used to measure the total OPEB liability was 6 percent. The projection of cash flows used to determine the discount rate assumed that the District contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Changes in the Net OPEB Liability

	Increase/(Decrease)		
	Total OPEB Liability	Total Fiduciary Net Position	Net OPEB Liability (Asset)
	(a)	(b)	(a) - (b)
Balance July 1, 2019	\$ 2,094,782	\$ 1,219,699	\$ 875,083
Changes for the year:			
Service cost	142,633	-	142,633
Interest	125,868	-	125,868
Employer contributions	-	312,461	(312,461)
Expected Investment income	-	78,397	(78,397)

NOTE 11 – POSTEMPLOYMENT BENEFITS, continued

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

	Discount Rate 1% Lower (5.0%)	Current Discount Rate (6.0%)	Discount Rate 1% Higher (7.0%)
Net OPEB liability	\$ 924,997	\$ 775,088	\$ 635,804

Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using health care cost trend rates that are one percent lower or higher than the current health care costs trend rates:

	Trend Rate 1% Lower (3.0%)	Current Trend Rate (4.0%)	Trend Rate 1% Higher (5.0%)
Net OPEB liability	\$ 550,275	\$ 775,088	\$ 1,035,635

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the District recognized OPEB expense of \$81,963. At June 30, 2021, the District reported deferred outflows of resources as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between projected and actual earnings on plan investments	\$ 15,195	\$ -
Differences between expected and actual experience	115,570	-
Change in assumptions	106,665	-
	<u>\$ 237,430</u>	<u>\$ -</u>

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2021**

NOTE 11 – POSTEMPLOYMENT BENEFITS, continued

The deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the subsequent fiscal year. The deferred outflows/(inflows) of resources related to OPEB will be recognized as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2022	\$ 26,411
2023	26,415
2024	27,042
2025	26,975
2026	22,912
Thereafter	107,675
	<u>\$ 237,430</u>

NOTE 12 – LEASE REVENUES

The District owns land leased to the U.S. Forest Service on a long-term 50-year lease. The agreement contains a termination clause providing for cancellation after a specified number of days written notice by the lesser or lessee, but is not anticipated that the lease will be canceled prior to its expiration date. The land was originally purchased for \$779,241 and a portion of that land is leased to the U.S. Forest Service and on which the U.S. Forest Service has built an office building. Annual lease payments are adjusted each year based upon a percentage of change in the cost of living index. Total lease payments received for the year ending June 30, 2021 amounted to \$88,537.

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 13 – RISK MANAGEMENT

Property and Liability Insurance Coverages

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Joint Powers Authority Risk Pools

During the fiscal year ended June 30, 2021, the District contracted with the Statewide Association of Community Colleges Joint Powers Authority for property and liability insurance and with Protected Insurance Program for Schools and Community Colleges for workers compensation coverage. Settled claims have not exceeded this coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

Workers' Compensation

The intent of the JPA is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the JPA. The workers' compensation experience of the participating districts is calculated as one experience, and a common premium rate is applied to all districts in the JPA. Each participant pays its workers' compensation premium based on its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall saving. A participant will then either receive money from or be required to contribute to the "equity-pooling fund." This "equity pooling" arrangement ensures that each participant shares equally in the overall performance of the JPA. Participation in the JPA is limited to K-12 and community college districts that can meet the JPA's selection criteria.

<u>Insurance Program / Company Name</u>	<u>Type of Coverage</u>	<u>Limits</u>
Protected Insurance Program for Schools & Community Colleges	Workers' Compensation	\$ 1,000,000
Statewide Assocaite of Community Colleges	Property and Liability	\$ 250,000,000

Employee Medical Benefits

The District has contracted with Tri-County School Insurance Group Joint Powers Agency to provide employee medical benefits. Rates are set through an annual calculation process.

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 14 – EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of CalSTRS and classified employees are members of CalPERS.

For the fiscal year ended June 30, 2021, the District reported the net pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources for each of the above plans as follows:

Pension Plan	Collective Net Pension Liability	Collective Deferred Outflows of Resources	Collective Deferred Inflows of Resources	Collective Pension Expense
CalSTRS	\$ 7,712,753	\$ 2,110,249	\$ 627,693	\$ 740,725
CalPERS	11,336,418	2,752,069	15,432	2,177,942
Total	\$ 19,049,171	\$ 4,862,318	\$ 643,125	\$ 2,918,667

The details of each plan are as follows:

California State Teachers' Retirement System (CalSTRS)

Plan Description

The District contributes to the State Teachers' Retirement Plan (STRP) administered by CalSTRS. STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2019, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: <http://www.calstrs.com/member-publications>.

Benefits Provided

The STRP provides retirement, disability, and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age, and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service.

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 14 – EMPLOYEE RETIREMENT SYSTEMS, continued

California State Teachers' Retirement System (CalSTRS), continued

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program, and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the State is the sponsor of the STRP and obligor of the trust. In addition, the State is both an employer and nonemployer contributing entity to the STRP.

The District contributes exclusively to the STRP Defined Benefit Program, thus disclosures are not included for the other plans. The STRP provisions and benefits in effect at June 30, 2021, are summarized as follows:

	STRP Defined Benefit Plan	
	On or before December 31, 2012	On or after January 1, 2013
Hire date	December 31, 2012	January 1, 2013
Benefit formula	2% at 60	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	60	62
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%
Required employee contribution rate	10.25%	9.205%*
Required employer contribution rate	16.15%	16.15%
Required state contribution rate	10.328%	10.328%

*The rate imposed on CalSTRS 2% at 62 members assuming no change in the normal cost of benefits.

Contributions

Required member, District, and State of California contribution rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contribution rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1 percent of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2021, are presented above, and the District's total contributions were \$729,943.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$	7,712,753
State's proportionate share of the net pension liability associated with the District		<u>3,975,892</u>
Total	\$	<u>11,688,645</u>

The net pension liability was measured as of June 30, 2020. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating college districts and the State, actuarially determined. The District's proportionate share for the measurement periods of June 30, 2020 and June 30, 2019 was 0.0080 percent and 0.0075 percent, respectively, resulting in a net increase in the proportionate share of 0.0005 percent. For the year ended June 30, 2021, the District recognized pension expense of \$740,725. In addition, the District recognized pension expense and revenue of \$405,471 for support provided by the State. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between projected and actual earnings on plan investments	\$ 183,163	\$ -
Differences between expected and actual experience	13,608	217,375
Changes in assumptions	751,965	-
Net changes in proportionate share of net pension liability	431,570	410,318
District contributions subsequent to the measurement date	729,943	-
Total	<u>\$ 2,110,249</u>	<u>\$ 627,693</u>

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 14 – EMPLOYEE RETIREMENT SYSTEMS, continued

California State Teachers' Retirement System (CalSTRS), continued

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. The deferred outflows/(inflows) of resources related to pensions will be recognized as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2022	\$ (180,382)
2023	329,101
2024	449,942
2025	173,452
2026	(20,250)
Thereafter	750
	<u>\$ 752,613</u>

Actuarial Methods and Assumptions

Total pension liability for STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2019, and rolling forward the total pension liability to June 30, 2020. The financial reporting actuarial valuation as of June 30, 2019, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2019
Measurement date	June 30, 2020
Experience study	July 1, 2015, through June 30, 2018
Actuarial cost method	Entry Age Normal
Discount rate	7.10%
Investment rate of return	7.10%
Consumer price inflation	2.75%
Wage growth	3.50%

CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2019) table, issued by the Society of Actuaries.

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 14 – EMPLOYEE RETIREMENT SYSTEMS, continued

California State Teachers' Retirement System (CalSTRS), continued

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant (Pension Consulting Alliance-PCA) as an input to the process. The actuarial investment rate of return assumption was adopted by the board in February 2017 in conjunction with the most recent experience study. For each future valuation, CalSTRS consulting actuary (Milliman) reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of 20-year geometrically-linked real rates of return and the assumed asset allocation for each major asset class for the year ended June 30, 2021, are summarized in the following table:

Asset Class	Assumed Asset Allocation	Long-term Expected Real Rate of Return*
Global Equity	47%	6.30%
Fixed Income	12%	0.30%
Real Estate	13%	5.20%
Private Equity	13%	9.30%
Cash/Liquidity	2%	-1.00%
Risk Mitigating Strategies	9%	2.90%
Inflation Sensitive	4%	3.80%
	100%	

*20-year geometric average

Discount Rate

The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments, and administrative expense occurred midyear. Based on these assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate, as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

	1% Decrease (6.10%)	Current Discount Rate (7.10%)	1% Increase (8.10%)
Plan's net pension liability	\$ 11,652,895	\$ 7,712,753	\$ 4,459,610

NOTE 14 – EMPLOYEE RETIREMENT SYSTEMS, continued

California Public Employees' Retirement System (CalPERS)

Plan Description

Qualified employees are eligible to participate in the School Employer Pool (SEP) under CalPERS, a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Law.

A full description of the pension plan regarding benefit, Safety] provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2019, annual actuarial valuation report, Schools Pool Actuarial Valuation. This report and CalPERS audited financial information are publicly available reports that can be found on the CalPERS website under Forms and Publications at: <https://www.calpers.ca.gov/page/forms-publications>.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor, and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or age 52 for members hired on or after January 1, 2013), and has at least five years of credited service. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The CalPERS provisions and benefits in effect at June 30, 2021, are summarized as follows:

	School Employer Pool (CalPERS)	
	On or before December 31, 2012	On or after January 1, 2013
Hire date	December 31, 2012	January 1, 2013
Benefit formula	2% at 55	2% at 62
Benefit vesting schedule	5 years of service	5 years of service
Benefit payments	Monthly for life	Monthly for life
Retirement age	55	62
Monthly benefits as a percentage of eligible compensation	1.1% - 2.5%	1.0% - 2.5%
Required employee contribution rate	7.000%	6.500%
Required employer contribution rate	20.700%	20.700%

JUNE 30, 2021**

NOTE 14 – EMPLOYEE RETIREMENT SYSTEMS, continued

California Public Employees' Retirement System (CalPERS), continued

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. Total plan contributions are calculated through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contribution rates are expressed as a percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2021, are presented above, and the total District contributions were \$1,172,509.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2021, the District reported net pension liabilities for its proportionate share of the CalPERS net pension liability totaling \$11,336,418. The net pension liability was measured as of June 30, 2019. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating college districts, actuarially determined. The District's proportionate share for the measurement periods of June 30, 2020 and June 30, 2019 was 0.0369 percent and 0.0346 percent, respectively, resulting in a net increase in the proportionate share of 0.0023 percent.

For the year ended June 30, 2021, the District recognized pension expense of \$2,177,942. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between projected and actual earnings on plan investments	\$ 235,989	\$ -
Differences between expected and actual experience	562,250	-
Changes in assumptions	41,571	-
Net changes in proportionate share of net pension liability	739,750	15,432
District contributions subsequent to the measurement date	1,172,509	-
Total	\$ 2,752,069	\$ 15,432

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 14 – EMPLOYEE RETIREMENT SYSTEMS, continued

California Public Employees' Retirement System (CalPERS), continued

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. The deferred outflows/(inflows) of resources related to pensions will be recognized as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) of Resources
2022	\$ 495,990
2023	465,786
2024	365,749
2025	236,603
	\$ 1,564,128

Actuarial Methods and Assumptions

Total pension liability for the SEP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2019, and rolling forward the total pension liability to June 30, 2020. The financial reporting actuarial valuation as of June 30, 2019, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2019
Measurement date	June 30, 2020
Experience study	July 1, 1997, through June 30, 2015
Actuarial cost method	Entry Age Normal
Discount rate	7.15%
Investment rate of return	7.15%
Consumer price inflation	2.50%
Wage growth	Varies by entry age and service

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 14 – EMPLOYEE RETIREMENT SYSTEMS, continued

California Public Employees' Retirement System (CalPERS), continued

The mortality table used was developed based on CalPERS-specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations, as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first ten years) and the long term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class*	Assumed Asset Allocation	Real Return Years 1 - 10**	Real Return Years 11+***
Global Equity	50%	4.80%	5.98%
Fixed Income	28%	1.00%	2.62%
Inflation Assets	0%	0.77%	1.81%
Private Equity	8%	6.30%	7.23%
Real Assets	13%	3.75%	4.93%
Liquidity	1%	0.00%	-0.92%
	100%		

*In the System's CAFR, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

**An expected inflation of 2.0% used for this period

***An expected inflation of 2.92% used for this period

Discount Rate

The discount rate used to measure the total pension liability was 7.15 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Based on these assumptions, the School Employer Pool fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate, as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

	1% Decrease (6.15%)	Current Discount Rate (7.15%)	1% Increase (8.15%)
Plan's net pension liability	\$ 16,298,168	\$ 11,336,418	\$ 7,218,414

Tax Deferred Annuity

As established by Federal law, all public sector employees who are not members of their employer's existing retirement system (CalSTRS or CalPERS) must be covered by Social Security or an alternative plan. The District has elected to use the APPLE as its alternative plan. Contributions made by the District and an employee vest immediately. The District contributes 6.2 percent of an employee's gross earnings. An employee is required to contribute 6.2 percent of his or her gross earnings to the pension plan.

On Behalf Payments

The State of California makes contributions to CalSTRS and CalPERS on behalf of the District. These payments consist of State General Fund contributions, in addition to contributions from Senate Bill 90, to CalSTRS for the fiscal years ended June 30, 2021, 2020, and 2019, which amounted to \$432,386, \$513,171, and \$616,479, respectively. There were no contributions for CalPERS for the year ended June 30, 2021 and 2020. Contributions for CalPERS related to Senate Bill 90 and totaled \$302,026 for the year ended June 30, 2019. Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. These amounts have been reflected in the basic financial statements as a component of operating revenue and employee benefit expense.

NOTE 15 – PARTICIPATION IN PUBLIC ENTITY RISK POOLS AND JOINT POWERS AUTHORITIES

The District is a member of the Statewide Association of Community Colleges, the Tri-County School Insurance Group Joint Powers Authority, Protected Insurance Program for Schools and Community Colleges, and the South Bay Regional Public Safety JPAs. The District pays annual premiums for its property liability, health, and workers' compensation coverage and for providing public safety training. The relationship between the District and the JPAs is such that it they are not component units of the District for financial reporting purposes.

The JPAs have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, transactions between the JPAs and the District are included in these statements. Audited financial statements are available from the respective entities.

The District's share of year-end assets, liabilities, or fund equity has not been calculated. During the year ended June 30, 2021, the District made payments of \$132,068 to the Statewide Association of Community Colleges, \$2,161,171 to the Tri-County School Insurance Group, \$215,499 to Protected Insurance Program for Schools and Community Colleges, and \$746,724 to South Bay Regional Public Safety.

NOTE 16 – COMMITMENTS AND CONTINGENCIES

Grants

The District receives financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2021.

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2021.

Accreditation

The District maintains its accreditation by fulfilling criteria that is determined by the Accrediting Commission of Community and Junior Colleges (ACCJC). Throughout its continuous six-year review cycle, the College conducts and publishes several review instruments, including an annual report, annual fiscal report, midterm report, comprehensive institutional self-study, and an evaluation review by a team of peers. The District underwent a comprehensive review and site visit through ACCJC in October 2017. Based on the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges, review of LTCC's Institutional Self Evaluation Report (ISER) and the External Evaluation Team Report prepared by the peer review team, LTCC's accreditation was reaffirmed for seven years.

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2021**

NOTE 16 – COMMITMENTS AND CONTINGENCIES, continued

Financial Condition

The District receives funding based on full-time equivalent students (FTES). District wide there were slightly fewer FTES in fiscal year 2020-21, however, it did grow in a few areas that will affect future funding. Restoration of FTES has changed with the implementation of the new Student Centered Funding Formula (SCFF) as the new formula uses a rolling three year average with a hold harmless clause that protects districts from the uncertainty of enrollments. A rolling three-year average ensures reductions in enrollments are less impactful to the funding of a District and the hold harmless ensures a District receives no less than the prior’s funding.

Construction Commitments

As of June 30, 2021, the District had the following commitments with respect to the unfinished capital projects.

CAPITAL PROJECT	Remaining Construction Commitment
Early Learning Center	\$ 863,777
Equipment Storage Facility	674,041
Remodeling for Efficiency and Science Modernization	127,416
Video Capture/Multi-Media	52,909
Rekey Exterior Locks Campus-Wide	20,163
Building Security	55,570
Greenway Bike Trail	65,000
Mobility Hub	33,955
Bond Planning - Master Planning	114,974
Total	<u>\$ 2,007,805</u>

NOTE 17 – PRIOR PERIOD ADJUSTMENT

Beginning net position increased by \$31,933 due to the implementation of GASB Statement No. 84, *Fiduciary Activities* for implementation of a change in accounting principal.

NOTE 1 - PURPOSE OF SCHEDULES

Schedule of Changes in the Net OPEB Liability and Related Ratios

This schedule presents information on the District's changes in the net OPEB liability, including beginning and ending balances, the Plan's fiduciary net position, and the net OPEB liability. In the future, as data becomes available, ten years of information will be presented.

Schedule of Contributions – OPEB

This schedule presents information on the District's actuarially determined contribution, contributions in relation to the actuarially determined contribution, and any excess or deficiency related to the actuarially determined contribution. In the future, as data becomes available, ten years of information will be presented.

Schedule of Proportionate Share of the Net Pension Liability

This schedule presents information on the District's proportionate share of the net pension liability (NPL), the plans' fiduciary net positions and, when applicable, the State's proportionate share of the NPL associated with the District. In the future, as data becomes available, ten years of information will be presented.

Changes in Benefit Terms - There were no changes in benefit terms since the previous valuations for both CalSTRS and CalPERS.

Changes in Assumptions - There were no changes in assumptions since the previous valuations for both CalSTRS and CalPERS.

Schedule of Contributions – Pensions

This schedule presents information on the District's required contribution, the amounts actually contributed, and any excess or deficiency related to the required contribution. In the future, as data becomes available, ten years of information will be presented.

SUPPLEMENTARY INFORMATION

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
DISTRICT ORGANIZATION
FOR THE YEAR ENDED JUNE 30, 2021**

Lake Tahoe Community College District was established by the voters on March 5, 1974, opened its doors on September 18, 1975; and serves an area of approximately 196 square miles located in El Dorado County. There were no changes in the boundaries of the District during the current year. The District's college is accredited by the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges, which is one of six regional associations that accredit public and private schools, colleges, and universities in the United States.

NOTE 1 - PURPOSE OF SCHEDULES

District Organization

This schedule provides information about the District's governing board members and administration members.

Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (Part 200), Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The District has not elected to use the ten percent de minimis cost rate as covered in Section 200.414 Indirect (F&A) costs of the Uniform Guidance.

Schedule of Expenditures of State Awards

The accompanying Schedule of Expenditures of State Awards includes the State grant activity of the District and is presented on the modified accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The information in this schedule is presented to comply with reporting requirements of the California State Chancellor's Office.

Schedule of Workload Measures for State General Apportionment

(FTES) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds, including restricted categorical funding, are made to community college districts. This schedule provides information regarding the annual attendance measurements of students throughout the District.

Reconciliation of Education Code Section 84362 (50 Percent Law) Calculation

ECS 84362 requires the District to expend a minimum of 50 percent of the unrestricted General Fund monies on salaries of classroom instructors. This is reported annually to the State Chancellor's Office. This schedule provides a reconciliation of the amount reported to the State Chancellor's Office and the impact of any audit adjustments and/or corrections noted during the audit.

**LAKE TAHOE COMMUNITY COLLEGE DISTRICT
NOTE TO SUPPLEMENTARY INFORMATION
JUNE 30, 2021**

NOTE 1 - PURPOSE OF SCHEDULES, continued

Proposition 30 Education Protection Account (EPA) Expenditure Report

This schedule provides the District's summary of receipts and uses of the monies received through the EPA.

Reconciliation of Annual Financial and Budget Report (CCFS-311) With Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Form CCFS-311 to the District's internal fund financial statements.

Reconciliation of Fund Equity to Net Position

The schedule provides a reconciliation of the adjustments necessary to bring the District's internal fund financial statements prepared on a modified accrual basis, to the entity-wide full accrual basis financial statements required under GASB Statements No. 34 and No. 35. business-type activities reporting model.

OTHER INDEPENDENT AUDITORS' REPORTS

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees
Lake Tahoe Community College District
South Lake Tahoe, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities, the aggregate discretely presented component unit, and the aggregate remaining fund information of Lake Tahoe Community College District (the District) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated February 25, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees
Lake Tahoe Community College District
South Lake Tahoe, California

Report on Compliance for Each Major Federal Program

We have audited Lake Tahoe Community College District's (the District) compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the District's major Federal programs for the year ended June 30, 2021. The District's major Federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with Federal statutes, regulations, and the terms and conditions of its Federal awards applicable to its Federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Programs

In our opinion, Lake Tahoe College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

Board of Trustees
Lake Tahoe Community College District
South Lake Tahoe, California

Report on State Compliance

We have audited Lake Tahoe Community College District's (the District) compliance with the types of compliance requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM) 2020-21*, issued by the California Community Colleges Chancellor's Office for the year ended June 30, 2021.

Management's Responsibility

Management is responsible for compliance with State laws and regulations, and the terms and conditions of its State awards applicable to its State programs.

Auditors' Responsibility

Our responsibility is to express an opinion on Lake Tahoe Community College District's compliance with the requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the *California Community Colleges Contracted District Audit Manual (CDAM) 2020-21*, issued by the California Community Colleges Chancellor's Office. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the state programs noted below. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

Opinion on State Compliance

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that are applicable to the State programs noted below that were audited for the year ended June 30, 2021.

Procedures Performed

In connection with the audit referred to above, we selected and tested transactions and records to determine the District's compliance with State laws and regulations applicable to the following:

- Section 411 – SCFF Data Management Control Environment
- Section 412 – SCFF Supplemental Allocation Metrics
- Section 413 – SCFF Success Allocation Metrics
- Section 421 – Salaries of Classroom Instructors (50 Percent Law)
- Section 423 – Apportionment for Activities Funded From Other Sources
- Section 424 – Student Centered Funding Formula Base Allocation: FTES
- Section 425 – Residency Determination for Credit Courses
- Section 426 – Students Actively Enrolled
- Section 427 – Dual Enrollment (CCAP and Non-CCAP)
- Section 430 – Scheduled Maintenance Program
- Section 431 – Gann Limit Calculation
- Section 435 – Open Enrollment
- Section 444 – Apprenticeship Related and Supplemental Instruction (RSI) Funds
- Section 475 – Disabled Student Programs and Services (DSPS)
- Section 479 – To Be Arranged Hours (TBA)
- Section 490 – Propositions 1D and 51 State Bond Funded Projects
- Section 491 – Education Protection Account Funds
- Section 499 – COVID-19 Response Block Grant Expenditures

Purpose of this Report

The purpose of this report on state compliance is solely to describe the results of testing based on the requirements of the *California Community Colleges Contracted District Audit Manual (CDAM) 2020-21*. Accordingly, this report is not suitable for any other purpose.
