**Updates:**

-FKCE has been approved through CA Foster Youth Initiative Program to bring a candidate through AmeriCorps onboard to help with community outreach. The position is currently open. RFA Trainings continue via Zoom with increased participation. Classes are provided weekly on Monday evenings, and one Saturday per month.

-The Family Resource Center is currently unable to accommodate LTCC ESL classes due to social distancing guidelines/room sizes. They are hoping that come Spring quarter they will be able to host classes at their facility once again.

-Recent grants obtained by LTCC have created many new job opportunities. Focusing on hiring for vacant positions and slowly getting back to "normal". Open registration is coming up soon for Winter and Spring quarters.

**FKCE Updates:**

There are many changes coming down from the Chancellor's office- new people and new ideas. FKCE hopes to keep collaborations with other community partners as interactive as possible.

**Meeting adjourned.**
